conflicts require a process to guide the belligerents from the battle field to mutual cooperation but how does one provide the conflict stabilization for this peace process to operate peacekeeping emerged as one of these tools and has evolved to become an important element to support the peace process between belligerents in major inter state and intra state conflict this book takes a broad definition of multinational peacekeeping in order to provide a basis for comparison and permit researchers to review operations labeled as peacekeeping by international organizations the goal of this work is to assist researchers scholars and others who are interested in peacekeeping and humanitarian operations to sort through the myriad of peacekeeping or peace operations since 1920 and consider some of the trends and issues behind these missions this fourth edition of historical dictionary of multinational peacekeeping contains a chronology an introduction and an extensive bibliography the dictionary section has more than 700 cross referenced entries peacekeeping operations people organizations countries and events associated with peacekeeping this book is an excellent resource for students researchers and anyone wanting to know more about peacekeeping

while waging war is almost as old as humanity peacekeeping is recent but expanding rapidly over the past few decades dozens of operations have been launched many of them still effective and more are on the way their existence is crucial yet the general public knows relatively little about them the a to z of multinational peacekeeping is designed to help fill this gap based on the updated and revised edition of historical dictionary of multinational peacekeeping it consists of an introduction chronology list of acronyms bibliography and dictionary the dictionary includes several hundred entries on the peacekeeping bodies organizations that established them important persons involved countries in which they were deployed and main contributing countries such information provides the background and depth lacking in current media reporting book jacket

afsnit from collective security to peace keeping india s approach to un peace keeping india and the evolving un charter india s contribution to the united nations emergency force india and the financial implications of the united nations emergency force conclusion

*in this book three experts unravel the political and legal complexities that bedevil japanese officials in their attempts to cooperate with united nations peacekeeping missions*

*this book analyzes both indigenous and external efforts to develop african countries individual and collective capacities to undertake peacekeeping operations it chronicles the participation of african countries in united nations peacekeeping operations and non african led multinational forces over the past 50 years it also discusses the role of the united nations in peacekeeping in the region and concludes with recommendations on how to make current approaches more effective publisher s description*

*volume i provides a conceptual framework for the analysis of demilitarization and peace building processes applicable particularly in the southern africa context this volume argues that a broad concept of peace building has to take into account economic political social and cultural factors at the local national and regional level*

*in peace operations seen from below beatrice poulligny argues that much of what is being rebuilt in societies emerging from war or in some cases what is continuing to be destroyed often lies in the ordinary daily lives of both local populations and the staff of un missions these on the ground realities are often overlooked by outsiders yet they may prove to be as important as political negotiations at the center debates in the un security council or hearings before an international criminal court central to poulligny s study is the key role played by local interlocutors her close analysis of several un interventions based on first hand observation of how local people intermingle with un soldiery and civilians sheds light on a neglected but crucial dimension of international peace enforcement book jacket*

*encyclopedia of international peacekeeping operations analyzes the broad national regional cultural and international contexts of peacekeeping special focus is placed on such contemporary issues as human rights peacebuilding from below conflict resolution theory civilian peacekeeping gender considerations and women in peacekeeping the coverage is enhanced by a chronology charts maps a list of acronyms an annotated bibliography and references to key websites*

*comprehensive bibliography on peacekeeping which covers academic literature from books reports and journals contributions in languages other than english are represented and the text is suitable for academics civil servants the military and practitioners*

*the book is the first comprehensive treatment of the reasons why international organizations have engaged in territorial administration from the league of nations in danzig during the inter war period to the un in east timor recently and kosovo today moving beyond the fashionable and misleading use of terms like post conflict reconstruction and state building to describe the role of international territorial administration this book engages in a complex analysis of the various purposes with which this activity has been associated some of which for example settling disputes over sovereignty have nothing to do with perceived local incapacities for governance the book goes beyond territorial administration by the un covering the conduct of this activity by international organizations generally thereby analyzing lesser known projects like the eu administration in mostar 1994 6 it addresses instances of partial as well as plenary administration such as the role of the office of the high representative in imposing legislation in bosnia and herzegovina since 1996 by revealing the complex and diverse range of objectives which international organizations have attempted to realize through territorial administration and establishing the commonalities and differences between the administration projects in this respect the book establishes the contours of an international policy institution to rank alongside peacekeeping and humanitarian intervention by doing so it provides a framework through which some of the key questions relating to such projects concerning legitimacy authority and applicable law can be addressed it also reveals a secret history of international organizations throughout the 20th century complementing work on their role in managing relations between states by exposing their role within particular states and non state territories beyond the well documented activity of peacekeeping by military forces*

*military and police forces play a crucial role in the long term success of rebuilding efforts in post conflict societies yet while charged with the long term task of providing a security environment conducive to rebuilding war torn societies internal security structures tend to lack civilian and democratic control internal cohesion and effectiveness and public credibility they must be placed under democratic control and restructured and retrained to become an asset not a liability in the long term peacebuilding process external actors from other nations regional organizations and the united nations can be of assistance in this process by creating a basic security environment preventing remnants of armed groups from spoiling the fragile peacebuilding process and by facilitating reform of the local security sector this book offers examples and analyses by an international group of academics and practitioners with direct experiences with security sector reform programs the case studies offer the reader a useful laboratory in which comparisons can be made and observations tested it will be useful to policymakers interested in understanding the complexity of addressing security sector reform and civil military relations w andy knight university of alberta canada*

*langholtz examines how psychology and other social sciences can offer both theoretical explanations and practical applications in the resolution and amelioration of potentially violent international conflicts since the end of the cold war and bipolar*

ideologies the international community has been willing to intervene using approaches that are founded as much in psychology as in force and these remedies have not been confined to the violent periods of conflicts this book examines psychological interventions and issues during three phases of conflicts first the book examines measures available in advance of a threatening conflict through early intervention and an examination of ethnopolitical issues economic problems and potential diplomatic solutions second psychological facets of peacekeeping are examined the selection of peacekeepers psychological ambiguities of peacekeeping and the numbing that comes with widespread suffering finally the book examines the psychological measures available to strengthen a cease fire deal with mines and related after effects of war encourage reconciliation and hasten the return to a stable and durable peace
