ebook analysis for financial management

international financial management combines the fundamental concepts of international finance with solid practical applications this combination has made it the book of choice at a variety of institutions including top business schools such as wharton stanford northwestern and insead neither superficial nor overly theoretical eun and resnick s approach offers a conceptually solid yet still relevant treatment of international financial topics that puts students on the right track to becoming effective global financial managers

the overriding objective of eun and resnick s international financial management 3e is to teach students how to be effective global financial managers the text covers the fundamentals of the macroeconomic environment of international financial management discusses the financial environment in which the multinational firm and its managers must function and covers foreign exchange management and financial

management in a multinational firm

the overriding objective of eun resnick brean sinternational financial management canadian perspectives is to teach students how to be effective global financial managers the text looks at this from a canadian perspective while covering the fundamentals of the macroeconomic environment of international financial management discussing the financial environment in which the multinational firm and its managers must function and covering foreign exchange management and financial management in a multinational firm

international financial management provides students with a foundation for analysis through a text that is well organized comprehensive and provides up to date coverage of the topics like the first eight editions it is written based on two tenets emphasis on the basics and emphasis on a managerial perspective the scope and content of international finance have been fast evolving due to cycles of deregulations and regulations of financial markets product innovations and technological advancements as capital markets of the world are becoming more integrated a solid understanding of international finance has become essential for astute corporate decision making reflecting the growing importance of international finance as a discipline we have seen a sharp increase in the demand for experts in the area in both the corporate and academic worlds international financial management discussion is written so that a self contained treatment of each subject is presented in a user friendly fashion the text is intended for use at both the advanced undergraduate and mba levels

international financial management is written based on two distinct parts emphasis on the basics and emphasis on a managerial perspective the emphasis on the basics will allow students to be left with a framework for analysis that will serve them well when they need to apply this material in their careers in the years ahead the fifth edition never loses sight of the presentation that is teaching students how to make managerial decisions the new edition is founded in the belief that the fundamental job of the financial manager is to maximize share holder wealth this belief permeates the decision making process that is presented from cover to cover international financial management has been completely updated with the most current data tables and statistics in the field today
