for junior graduate level courses in organizational behavior a collection of classic and innovative readings and action oriented skill
building exercises and cases in organizational behavior

the shortage of skills in the workforce is one of the major problems facing enterprises today how american businesses and
organizations intend to deal with these issues and operate in a global market under strong competition is one of their primary
worries the only logical and tangible solution to this issue is for the educational system and major businesses and organizations to
begin making investments in educating more children and young adults in soft skills like the 21st century 4cs skills critical thinking
communication creativity and collaboration to prepare them to meet the challenges of emerging businesses and technologies the
21st century has witnessed a rapid transformation in the global workforce and the skills required to thrive in it traditional
knowledge based skills alone are no longer sufficient to succeed in today s complex and dynamic business environment instead
organizations increasingly value what is known as the 4cs skills communication collaboration critical thinking and creativity
however a significant skills gap exists where many employees lack these crucial abilities this book explores the impact of the 21st
century 4cs skills gap in organizations and how it affects their performance innovation and competitiveness the 21st century 4cs

skills gap poses a significant challenge for organizations across industries the inability to communicate effectively collaborate seamlessly think critically and foster creativity can hinder productivity innovation and competitiveness as the business landscape continues to evolve addressing this skills gap is not only a necessity but also a strategic imperative for organizations looking to thrive in the 21st century bridging the gap through training recruitment and a commitment to a learning culture will be essential for success in the increasingly complex and interconnected world of business

make employee skills the currency within your organization in today s rapidly evolving business landscape organizations are recognizing the critical importance of employees skills as a catalyst for organizational success this is a fundamental change from focusing on job titles position credentials org charts and reporting hierarchies when considering organizational talent meanwhile workers and job seekers desire better opportunities to showcase their unique abilities and greater career mobility now organizations have the opportunity to meet their business and employee needs by tapping into the existing skills of their workforce and developing the skills their employees need to remain agile and competitive while the transformation process to a skills based organization is complex and may seem overwhelming skills expert and visionary koreen pagano offers a blueprint for making the shift and achieving success she shows how to build over time emphasizing that you do not have to overhaul every hr learning and development and management process and program to see the benefits of skills start small and wherever it makes the most sense for your organization to begin the skills journey in this book explore the different components of a skills based organization hiring and recruitment organizational culture performance management and career development as well as strategies for continuous improvement at the people process and system levels learn to understand the current potential for skills what is needed to overcome resistance to change and how to secure buy in from your organization s decision makers examine how to plan for the

collection analysis and governance of your skills data this book is perfect for hr and talent strategists who want to go beyond the theoretical and see real results regardless of where they may be on their path to building a skills based organization case studies of companies at different stages in the journey prove this isn't just an aspirational goal it's one that actual companies are achieving
