succeeds brilliantly he lives as a writer and we are the wealthier for it the washington post book world anatyole broyad long time book critic book review editor and essayist for the new york times wants to be remembered he will be with this collection of irreverent humorous essays he wrote concerning the ordeals of life and death many of which were written during the battle with cancer that led to his death in 1990 a new york times notable book of the year

this is the story of a professor of medical sociology diagnosed with colon cancer he undergoes the appropriate medical treatment passing through that trajectory he realizes that things happen that he never read about in the professional literature during his illness and rehabilitation he scribbles down notes about what is happening to him what he is observing and what things do not tally with his knowledge of the sociological literature this continuous connection of personal experience with academic literature is what makes this book such a powerful account of the everyday life of a sick person recommended to teachers and students in the field of social health research to everyone who works in health care professionals as well as volunteers and to men and women who themselves are experiencing a serious illness

when a doctor gets sick his status changes no longer is his role defined as deriving from doctor i.e. learned but as from patients the present participle of the deponent verb *patior* i.e. to suffer with all the passive acceptance of pain the verb implies from *passus* the past participle we get the word *passion* with its wide gamut of emotional allusions ranging from animal lust to the sufferings of martyrs it is the connotation not the denotation of the word that defines the change of status when a doctor is sick enough to be admitted to a hospital he can no longer write orders orders are written about him removing him from control of his own situation one recalls a sonnet from W. H. Auden's sequence *The Quest* which closes with the lines unluckily they were their situation one should not give a poisoner medicine a conjuror fine apparatus nor a rifle to a melancholic bore that is a reasonable expression of twentieth century skepticism and rationalism almost all medical literature is written from the doctor's point of view only a few medically trained writers one thinks of Chekhov's *Ward Six* manage to incorporate the patient's response to his situation patients' voices were not much in evidence until well into the twentieth century but an early example is John Donne's *Devotions upon Emergent Occasions* 1624
