new york times bestselling author jon katz a thoreau for modern times san antonio express news offers us a deeper understanding of the inner lives of animals and teaches us how we can more effectively communicate with them made real by his own remarkable experiences with a wide array of creatures great and small in talking to animals journalist jon katz who left his manhattan life behind two decades ago for life on a farm where he is surrounded by dogs cats sheep horses cows goats and chickens marshals his experience to offer us a deeper insight into animals and the tools needed for effectively communicating with them devoting each chapter to a specific animal from his life katz tells funny and illuminating stories about his profound experiences with them showing us how healthy engagement with animals falls into five key areas food movement visualization language and instincts along the way we meet simon the donkey who arrives at katz s farm near death and now serves as his tai chi partner we meet red the dog who started out antisocial and untrained and is now a therapy dog working with veterans from iraq and afghanistan and we meet winston the dignified and brave rooster who was injured defending his hens from a hawk and who has better interpersonal skills than most humans thoughtful and intelligent lively and powerful this book will completely change the way you think about and interact with animals katz s honest straightforward and sometimes searing prose will speak to those who love animals and might well convert some who do not booklist

this book critically examines the many ways in which tourism and animals intersect and aims to

make a meaningful contribution to the growing body of knowledge concerning the relationships between animals tourists and the tourism industry

volume ii continues the discussion of animals animality in u s social and scientific thought to address the ways in which the nexus of ideas surrounding human animal distinctions became intertwined with interhuman hierarchies and power relations including through the synergistic dynamics between race and species as co implicating taxonomies of power claire jean kim that informed both chattel slavery and settler violence against indigenous peoples a second section traces the evolution of animal advocacy from early individual voices to the formation of an organised movement following the civil war documenting a shift however limited by structural constraints from largely anthropocentric concerns with the social consequences of human cruelty towards other creatures to a broader moral consideration for nonhuman animals in their own right

animals and women is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense offering a feminist perspective on the status of animals this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species furthermore it demonstrates that such a focus does not distract from the struggle for women s rights but rather contributes to it this wide ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by virginia woolf exploring the leading edge of the species gender boundary it addresses such issues as the relationship between abortion rights and animal rights the connection between woman battering and animal abuse and the speciesist basis for much sexist language also considered are the ways in which animals have been regarded by science literature and the environmentalist movement a striking meditation on women and wolves is presented as is an examination of sexual harassment and the taxonomy of hunters and hunting finally this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women

a previous edition of this book appeared under the title magpies monkeys and morals the new edition has been updated throughout substantial new material has been added to the text including discussions of virtue ethics and rawlsian contractarianism the bibliography has been significantly enlarged and now includes more than five hundred entries book jacket

this catechism is divided into three parts the first part treats of faith the second of morals the third of the means of grace in the first part our lord appears in his character of teacher in the second in his character of king and in the third in his character of high priest and since this catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man s high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many this catechism is in fact nothing more nor less than an abstract of our lord s teaching and may be called a guide book for the christian on the road to heaven preface

animals and society uses a variety of historical sources and a coherent social theory to tell the story of the invention of animal rights it moves from incidents like the medieval execution of pigs to a discussion of the politics and strategies of modern rights organisations the book also presents radical interpretations of nineteenth century animal welfare laws and the accounts of the noble savage the insights generated by social science are always at the core of the discussion and the author daws on the work of michel foucault norbert elias claude levi strauss and mary douglas this wide ranging and accessible book provides a fascinating account of the relations between humans and animals it raises far reaching questions about the philosophy history and politics of animal rights

the study of old norse religion is a truly multidisciplinary and international field of research the rituals myths and narratives of pre christian scandinavia are investigated and interpreted by archaeologists historians art historians historians of religion as well as scholars of literature onomastics and scandinavian studies for obvious reasons these studies belong to the main curricula in scandinavia but are also carried out at many other universities in europe the united states and australia a fact that is evident to any reader of this book in order to bring this broad and varied field of research together an international conference on old norse religion was held in lund in june 2004 about two hundred delegates from more than fifteen countries took part the intention was to gather researchers to encourage and improve scholarly exchange and dialogue and old norse religion in long term perspectives presents a selection of the proceedings from that conference the 75 contributions elucidate topics such as worldview and cosmology ritual and religious practice myth and memory as well as the reception and present day use of old norse religion the main editors of this volume have directed the multidisciplinary research project roads to midgard since 2000 the project is based at lund university and funded by the bank of sweden tercentenary foundation
