ways of being in the world is an anthology of the indigenous philosophical thought of communities across turtle island offering readings on a variety of topics spanning many times and geographic locations it was created especially to meet the needs of instructors who want to add indigenous philosophy to their courses but are unsure where to begin as well as for students indigenous or otherwise who wish to broaden their horizons with materials not found in the typical philosophy course this collection is an invitation to embark on a relationship with indigenous peoples through the introduction of their unique philosophies

part memoir part scholarship part manifesto for a vital approach to life david hazony s book tackles some of the most painful human questions that stand at the heart of who we are as modern thinking people and offers answers that are sure to start a new discussion about the meaning of one of our most enduring yet least understood traditions across the western world the ten commandments have become a source of both

inspiration and controversy whether in supreme court rulings in film and literature or as a religious icon gracing houses of worship of every christian and jewish denomination but what do the commandments really stand for according to polls less than half of all americans can even name more than four of them fewer still can name all ten or have a clear idea of the ideals they were meant to promote for most of us agnostics and faithful alike they have been relegated to the level of a symbol and the teachings they contain are all but forgotten in western life today the ten commandments are everywhere except where we need them most in the ten commandments david hazony offers a powerful new look at our most venerable moral text combining a fresh reading of the old testament s most riveting stories and ancient rabbinic legends with a fearless exploration of what ails society today hazony shows that the ten commandments are not just a set of obscure laws but encapsulate a deeply valuable approach to life one that is as relevant now as it was when they first appeared more than two millennia ago

introduction to contemporary philosophy of medicine delves into the varied philosophical perspectives that shape modern medicine and its practice the book examines key frameworks such as the analytic philosophy of medicine feminist and gender medicine evidence based medicine and integrative medicine providing readers with a comprehensive overview of how these approaches influence clinical decisions and healthcare policies central philosophical concepts including causation disease and health are explored in depth making this text an essential resource for students and healthcare professionals interested in the critical issues facing medicine today in addition to traditional perspectives the book discusses the roles of digital complementary and alternative medicines highlighting the increasingly diverse landscape of medical thought rather than presenting a unified paradigm contemporary philosophy of medicine is shown to be an evolving and multifaceted discipline addressing complex challenges and proposing varied solutions with its thorough coverage and insightful analysis the book serves as a valuable guide for anyone seeking to better understand the philosophical debates shaping contemporary medical practice introduces and analyzes the ontological and epistemological conceptual foundations of contemporary philosophy of medicine critically reviews different philosophical approaches to contemporary medicine from analytical to phenomenological approaches evaluates a variety of medical practices ranging from evidence based medicine to person centred medicine provides an in depth handbook and guide to the current literature in contemporary philosophy of medicine explores the future direction of philosophy of medicine

introducing philosophy a text with integrated readings tenth edition is a thorough introduction to the core problems of philosophy including explanations and background by the authors along with generous excerpts from the philosophers under discussion organized topically the chapters present alternative perspectives including analytic continental feminist and non western viewpoints alongside the historical works of major philosophers the text provides the course materials that allow instructors and students to focus on a variety of philosophical problems and perspectives spanning 2 500 years the selections range from the oldest known fragments to cutting edge contemporary essays
