template for the effective and rational prescribing of drugs in daily practice

Lippincott's Illustrated Reviews Pharmacology Fourth Edition enables rapid review and assimilation of large amounts of complex information about the essentials of medical pharmacology. Clear sequential pictures of mechanisms of action actually show students how drugs work instead of just telling them as in previous editions. The book features an outline format, over 500 full color illustrations, cross references to other volumes in the series, and over 125 review questions. Content has been thoroughly updated and a new chapter covers toxicology. New to this edition will be a companion website containing all of the illustrations, fully searchable text, and an interactive question bank.

Perfect for the USMLE Step 1, hundreds of quick fun and effective study cards complete with patient cases written by former medical students at Yale University. Large pharmacology flash cards offer concise yet complete coverage of the subject with various classes broken down into antifungals, antivirals, etc. On one side, each card covers a specific disease or drug with high yield facts presented in bold. The flipside includes a clinical vignette designed to help students answer the question: When is this medication the answer in real world clinical practice? This side also includes full drug information: MoA, similar drugs, side effect. Uses the most essential information about each drug, is bolded to facilitate quick and effective learning, and vignettes are designed in a way that helps students retain information. 266 two-sided cards essential for board review and coursework, created by medical students for medical students. Cases, vignettes on one side and the answer to the cases on the other side. Clinical vignettes show how important concepts relate to real world practice. Each card includes space where you can annotate or add notes.

Fundamentals of Pharmacology 7e presents key scientific and clinical principles to facilitate a greater understanding of pharmacology. This wholly Australasian text provides comprehensive and current coverage of topics written in a clear style with a reader friendly full colour design.
