publisher description

something old something new contemporary entanglements of religion and secularity offers a fresh perspective on debates surrounding religious and secular thinking in each chapter wayne glausser focuses on a topic of contemporary relevance in which something old the sacrament of extreme unction

greek rhetorical tropes scholastic theology entangles with something new psilocybin therapy for the dying the new atheism cognitive science glaustrer uses the term entanglement to describe his distinctive approach to the relationship between religion and secularity the concept of entanglement refers to a contentious but oddly intimate relationship in which secular ideas compete with corresponding religious convictions but neither side wins by displacing the other as traditional religious knowledge and values come into conflict with their secular counterparts the old ideas undergo stress and adaptation but the influence works in both directions whether they do so consciously or unconsciously entangled secularists engage with and sometimes borrow from older paradigms they believe they have surpassed something old something new takes an unusual approach to this popular debate and offers a new perspective in the conversation between believers and secularists this is a book that theists atheists agnostics and everyone still searching for the right label will find respectful but provocative

an index to music in selected historical anthologies of western art music is the essential reference for music history and music theory instructors for finding specific listings and details for all the pieces included in more than 140 anthologies published between 1931 and 2016 containing over 5 000 individual listings this concise book is an indispensable tool for teaching music history and theory since many anthologies exist in multiple editions this index provides instructors students and researchers with the means to locate specific compositions in both print and online anthologies this book includes listings by composer and title as well as indexes of authors titles and first lines of text for music from antiquity through the early twenty first century

this preparatory manual is a single source reference for postgraduate exam preparation intense efforts have gone in preparation of the book to make it complete in all aspects in depth coverage of every subject in the form of synopsis is the highlight of the book to enhance rapid reading quick learning facts have been framed as an effective learning tool multiple choice questions have been designed to suit both national and international competitive postgraduate entrance examinations

this book narrates a writing centered approach to teaching twentieth century american literature focusing on hope in an age of despair it details teaching strategies student interactions and literary research exploring themes of liberty and hope through american and balkans narratives it concludes with student and professor responses

with advice from the experts a user friendly hands on approach and a 16 page full colour insert this book helps users better understand their pc realise its potential foresee possible problems and make the right decisions

presents the full contents of the bodleian library s collection of charters and rolls
