this book provides an overview of the dynamics of the contemporary global political economy with an emphasis on explaining these dynamics in both theoretical and practical terms it opens with a chapter on exactly what the study of ipe entails looking at the way in which politics and economics interact the relationship between

domestic and international factors and the role of the state Watson goes on to outline the major theoretical approaches to IPE from the traditional theories including liberalism and Marxism to alternative theories including rational choice and new institutionalism. In part two she outlines the major policy issues characterizing IPE and in part three she looks at case studies to illustrate the theoretical points she has made. These include the World Trade Organization negotiations at Seattle, a description of the reasons for growth in regional integration arrangements such as the EU and a discussion of the impact of capital flight.
