this book is an essential resource on attitudes to social and political issues in contemporary northern ireland within this report an authoritative group of academics and those involved in informing policy making within the community summarise and interpret data from the annual northern ireland life and times survey topics explored include the extent of change in attitudes centred on religion politics and community relations other topics contribute to the more general social policy debate and include health social capital lifelong learning men s issues culture and attitudes to work this is the ninth report in the series on social attitudes in northern ireland the chapters draw on data from the 2000 and 2001 northern ireland life and times surveys as well as on data from previous years thus providing an in depth examination of changing values in northern ireland

twelve essays examine aspects of medical care viewed as science and as social interaction arguing that health care systems in advanced capitalistic societies function as instruments of domination and indoctrination

ucl institute of archaeology phd series volume 1 the research presented in this book advances scholarship on anglo saxon non elite rural settlements through the analysis of material culture forty four non elite sites and the high status site of staunch meadow occupied throughout the anglo saxon period c 5th 11th centuries and geographically representative of anglo saxon settlement in england were selected for study comparative analyses of the material culture assemblages and settlement data from these sites were evaluated from four main research perspectives the archaeological contexts and distributional patterns of material culture at the sites the range and character of material culture patterns of material culture consumption and material culture as evidence for the economic reach of rural settlements

digital femininities the gendered construction of cultural and political identities online examines the role of new media technologies in the production of girls cultural and political identities the book argues that the varied and complex spaces which make up our social media should be conceptualised as important terrains upon which neoliberal and postfeminist subjectivities can be both reproduced and subverted in doing so the book explores many key issues underpinning current debates around gender politics and digital media including gendered spatial politics visibility surveillance and regulation beauty politics and civic and political engagement and activism over the last decade the position of girls and young women within the digital landscape of social media has been a topic of much debate on the one hand girls social media practices are presented as a key site of concern wherein new digital technologies are said to have produced an intensification of individualised neoliberal and postfeminist identities conversely others have championed access to social media for young people as a potentially useful political tool enabling previously marginalised political subjects such as girls

to access and participate within new and exciting political cultures locating itself at the intersection of these two approaches this book offers a fresh contribution to these debates based upon the findings from focus groups with girls and young women aged between 12 and 18 in england the book offers an in depth analysis of the digital cultures that emerged from the study this timely book will be essential reading for anyone interested in contemporary femininity and feminism and the role of digital media in the production of cultural political and gendered identities
