develop an environment that effectively supports learning and growth in your organisation with this complete guide

beyond princess culture
gender and children s marketing explores the impact of a post princess space examining potential agency and empowerment in the products users while acknowledging that at least some alternatives continue to perpetuate components of the rigidly gender coded princess culture this book collectively critiques the commodification of the post princess child consumer through analysis of historical and contemporary toys video games clothing websites and other popular culture phenomena guided by theories from feminist and gender studies
beyond princess culture demonstrates how the marketing of children s products has and continues to perpetuate and challenge hegemonic notions of gender race ethnicity ability and other positions of intersectionality as situated in the social economic and historical contexts

revised for the first time in ten years an update of the classic book with new material on the administration of george w bush and the use of fear in the war on terror

like any realignment in politics the democratic takeover of congress in the 2006 midterm elections inspired a raft of instant analyses one take on the results that is surely wrong is that the change in control of congress and the spike in democratic hopes for the 2008 presidential race mark an end to the

culture wars that conventional wisdom blamed or credited for george w bush s re election in 2004 this book sets the stage for a new consideration of the contemporary culture wars by examining their antecedents from the scopes trial to prohibition to the controversy over the supreme court s desegregation and school prayer rulings to loyalty oath battles of the 1950s to the pre roe v wade campaign to liberalize abortion laws even during times of supposed conformism americans have been presented with competing claims about what sort of culture this is and how and to what extent government should reflect and police values the author covers such topics as same sex marriage stem cell research intelligent design and other hot button issues that are debated not just between the religious and secular but more and more among the ranks of the religious themselves where a religious left has emerged to counter arguments from the religious right anyone interested in the intersection of religion and politics in the rise of the so called moral majority and in the current state of affairs with regard to values and public life in america will gain a better understanding from reading this book

this book offers practical approaches to some of the key issues and challenges involved in teaching nineteenth century fiction at the university level and includes annotated case studies from courses discussions of instances of useful practice in teaching and a helpful chronology nineteenth century writers and texts this new volume in the teaching the new english series looks at how a core area of the english degree curriculum victorian fiction can be taught and issues facing lecturers and students in the field today the book has a pedagogical slant though chapters will also be useful for students of vitorian fiction as an overview of current debate

filled with infographics visuals and case studies a vibrant practical guide to creating a winning business model for any startup the startup equation leads you step by step through the decisions and data to find your perfect startup model you ll learn how to identify your entrepreneurial type and follow the book s visual roadmap to building your own successful business plan for your unique dream the book provides the blueprint for not only understanding the startup economy but the challenges and opportunities for every type of new business steve fisher is co founder of the revolution factory a global network that funds builds and launching new products he is also co founder of the revolution institute a global nonprofit that promotes social good ja naé duane is a speaker strategist social scientist artist creative economist and author of how to start your business with 100

shows how islamic extremists in the united kingdom have established dedicated websites in order to circumvent british anti terrorism measures introduced after july 2005 this work analyzes how british extremists use these sites to spread their ideas co ordinate their activities and win new recruits
