this thought provoking monograph analyzes the longstanding political and economic structures underlying entrenched health inequities in rural areas worldwide bypassing familiar data on the subject it critiques existing approaches to why core social determinants of health are underrepresented in rural communities and synthesizes knowledge from health behaviors to spatial politics to make creative equitable suggestions for intervention the author reviews classic economic and current sociopolitical theory to pinpoint governments decision making processes behind resource allocation as they translate into poor service access service quality and health outcomes in reply corrective policy measures are recommended to address these conditions at the root cause level in keeping with global goals of improved health for all included in the coverage rural health disparities the political economy rural health disparities the economic argument social disorganization in rural communities rural health disparities and social disorder public policy responses the political economy an era of institutional cynicism with its forceful argument for dealing with a growing but often invisible crisis application of the political economy to rural health disparities makes a significant text for graduate and undergraduate programs in public and international affairs planning and public policy public health public administration and economics public health and advocacy organizations will also benefit from the book s vision

this textbook is the perfect short introduction to the fundamental theories and issues of international political economy ipe written in a concise and accessible style the text equips students with the necessary skills and knowledge to understand this complex and fascinating area engaging with both classical theories and the main contemporary debates this is the ideal starting point for the study of ipe the text introduces students to the three main theoretical approaches in ipe free market institutionalist and historical materialist the strengths and weaknesses of the theories are then illustrated by a series of fascinating applied case studies in such core areas as international trade finance transnational corporations

development and the environment combining clear historical and theoretical explanation with detailed empirical examples this is essential reading for students of international political economy global governance and international economics

this text is designed to provide a balance to the exclusive focus on technique that has come to dominate recent economic education by integrating material from political theory sociological theory and philosophy with economic analysis barry clark provides a comprehensive overview of political economic thought and reveals the underlying value judgments and ideological commitments that fuel debates over public policy he offers a historical perspective tracing contemporary debates back to their origins in the european industrialization process a comparative approach examining various political economic perspectives and ideologies and an integrative viewpoint including both positive and normative approaches to understanding society recognizing the absence of any consensus about the meaning of political economy clark begins his work with a two chapter introduction to the alternative meanings and historical evolution of political economy the next four chapters present detailed analyses of the thinkers and perspectives that make up four comparative approaches classical liberal radical conservative and modern liberal the final nine chapters cover major issues in modern political economy and for each issue the analysis and policies offered by each of the four ideologies are considered among the topics addressed are the role of government business cycles poverty labor relations discrimination gender the environment and international development this work is designed as a textbook for a semester long course in political economy history of economic thought or political theory and will also be a valuable supplemental resource for economics and political science courses public and academic libraries will find it to be a valuable addition to their collections

are the poor as one writer suggests only those without enough to eat or does poverty instead consist of the inability to buy a beer when everyone else has one these two volumes provide a comprehensive summary and annotated bibliography of the issues associated with the definition and measurement of poverty the discussion is organized around eleven topics in the areas of economics political science and sociology included are such diverse subjects as the historical

evolution of poverty definitions how did karl marx and adam smith define poverty the index number problem and regional differences in poverty measurement the annotated bibliography including both articles and books primarily covers material written after 1950

charles sackrey analyzes the problem of urban poverty pointing out the severe limitations of all existing data he explains the different theories of the principal causes of urban poverty in particular the poverty among urban blacks considerable attention is devoted to different methods of studying poverty and the important role each plays in determining the solutions finally offered for public consideration there have been two basic kinds of antipoverty solutions over the past four decades liberal reform and revolutionary change having been at different times strongly sympathetic to both camps professor sackrey has particular insights into the strengths and weaknesses of each in the final chapters of his book he contrasts the past performance of each camp and evaluates what they have to offer for the future amazon

our perennial bestseller offers an overview of the politics of monetary and fiscal policy productivity and investment and inflation and unemployment this expanded and revised edition includes chapters on international trade and finance and on major controversies in economics including the legacy of keynesianism in the united states and the basics of marxist economic theory each article is keyed to david colander s textbooks economics and macroeconomics
