with a foreword by prof dr steve cornelius international sports law centre university of pretoria pretoria south africa this book written by an expert in the field covers some of the following issues namely high profile wada cases such as that of maria sharapova the bosman ruling decisions by the court of arbitration for sport cas and footballers employment contracts and transfers for enormous amounts these issues have led to sport no longer being confined to the back pages of traditional media such as newspapers but increasingly finding its way onto the front pages and into new media since ancient times sport has been practised but today it is a multi billion dollar industry and sports law as a discipline in its own right is developing apace and is increasingly being studied and practiced at all levels of interest and competency thereby creating a need amongst students lawyers accountants sports marketers promoters agents sports broadcasters sports administrators and managers for some basic and general knowledge of the legal aspects of sport this introductory guide to international sports law will serve to satisfy the needs currently not being met in present day sports law literature and should also be of interest to researchers and the general reader although the topics covered are necessarily selective sports law being such a vast subject they are representative of the main legal issues facing the world of sport today throughout the book the reader is referred to articles publications and other materials that provide further information on the various subjects treated in the text thus enhancing its value and usefulness the law is stated as at 1 january 2017 according to the sources available at that date prof ian s blackshaw is an international sports lawyer a solicitor of the supreme court of england and wales and a visiting professor at several universities including anglia ruskin university cambridge united kingdom and the university of pretoria south africa he is also a member of the court of arbitration for sport lausanne switzerland specific to this book written by an acknowledged expert in the field clear and concise presentation includes references throughout to further information and materials

excerpt from a book review prof ian blackshaw has provided an excellent and comprehensive overview of the core areas and intricacies of sports law enabling the reader to understand why it is quite rightly a distinct doctrine of law worthy of study and research on its own merits it s an excellent guide to all aspects of sports law for lawyers and those interested in this subject matter in general hilary forde sports solicitor and director of racing governanceand compliance at the irish greyhound boardlaw society gazette dec 2017

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in the european union deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured this monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level lawyers representing parties with interests in the european union will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

long established as the market leading textbook on sports law this much anticipated new edition offers a comprehensive and authoritative examination of the legal issues surrounding and governing sport internationally locating the legal regulation of sport

within an explicit socio economic context this refocused edition is divided into four core parts governance sport commercial regulation sports workplace and safety in sport recent developments covered in this edition include eu competition law interaction with sport under arts 101 and 102 of the treaty on the functioning of the european union the current world anti doping agency code analysis of the recent court of arbitration for sport jurisprudence reforms of the transfer system in team sports anti discrimination provisions in sport engagement with match fixing a focus on the legal context of 2012 london olympics essential reading for students studying sports law or sports related courses this textbook will also prove useful to sports law practitioners and sports administrators in need of a clear companion to the field

the second edition of this comprehensive handbook presents new and significantly revised chapters by leading scholars and practitioners in the burgeoning field of international sports law national regional and comparative dimensions of sports law are emphasized throughout exploring a wide range of issues emerging in sports law today

the book is an introduction to sports law in particular international worldwide and european eu sports law the chapters are all put in the perspective of the innovative sports law doctrine that is developed and presented in the opening chapter on what sports law is after a general coverage of the core concept of sport specificity that is whether private sporting rules and regulations can be justified notwithstanding they are not in conformity with public law the book covers the following specific main themes of international and european sports law capita selecta comparative sports law competition law and sport the collective selling of tv rights sports betting social dialogue in sport sport and nationality professional football transfer rules anti doping law in sport transnational football hooliganism in europe international sports boycotts in this book association football soccer is the sport that is by far most on the agenda it is the largest sport in the world and most popular all over the globe the elite football in europe is a day to day commercialized and professionalized industry which makes it a perfect subject of study from an eu law perspective

introduction to sport law with case studies in sport law second edition uses an accessible jargon free approach to fundamental legal issues in sport law including liability

issues protecting legal rights and managing risk

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in new zealand deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured this monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level lawyers representing parties with interests in new zealand will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

this book written by an expert in the field covers some of the following issues namely high profile wada cases such as that of maria sharapova the bosman ruling decisions by the court of arbitration for sport cas and footballers employment contracts and transfers for enormous amounts these issues have led to sport no longer being confined to the back pages of traditional media such as newspapers but increasingly finding its way onto the front pages and into new media since ancient times sport has been practised but today it is a multi billion dollar industry and sports law as a discipline in its own right is developing apace and is increasingly being studied and practiced at all levels of interest and competency thereby creating a need amongst students lawyers accountants sports

marketers promoters agents sports broadcasters sports administrators and managers for some basic and general knowledge of the legal aspects of sport this introductory guide to international sports law will serve to satisfy the needs currently not being met in present day sports law literature and should also be of interest to researchers and the general reader although the topics covered are necessarily selective sports law being such a vast subject they are representative of the main legal issues facing the world of sport today throughout the book the reader is referred to articles publications and other materials that provide further information on the various subjects treated in the text thus enhancing its value and usefulness the law is stated as at 1 january 2017 according to the sources available at that date back cover

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in the netherlands deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured this monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level lawyers representing parties with interests in the netherlands will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

in this essential primer on the key themes in sports law jack anderson explains how law has become important to all aspects of sport including participation administration and the resolution of disputes crossing legal jurisdictions and sporting codes it covers issues ranging from ambush marketing to broadcasting corruption and doping analysing the broad range of actors and stakeholders involved in sport this concise introduction illustrates how sports law once the folly of contract law now engages criminal competition and international human rights law the legal nuances to contemporary debates on concussion the gamblification of sport the rights of transgender athletes and sport s flirtation with everything from cryptocurrencies to nfts and private equity all come into the orbit of this book a departure point for further study in sports law this book is also a reminder that sports law must be about fair play on off and in court an accessible global approach to sports law this book will be an invaluable companion for scholars and students of sports law worldwide it will be equally beneficial to legal practitioners journalists and those with an interest in sport generally

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in trinidad and tobago deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured this monograph fills a gap in the legal

literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level lawyers representing parties with interests in trinidad and tobago will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

this book accounts for over 25 of the most influential cases in international sports law as written by some of the leading authorities in the area authors from europe the united states australia south africa canada and new zealand trace the evolution of this emerging discipline of law through an analysis of individual cases as discussed under a number of key debates and themes in contemporary sports law including the public nature of legal disputes in sport player employment mobility litigation doping and the spirit of sport tv rights holding proceedings and enduring themes in sports law such as on field violence spectator safety animal welfare and gender equality valuable for sports law academics arbitrators and practitioners sports administrators and governing bodies but also for students postgraduate and undergraduate and all those with an interest in international sports law

introduction to sport law with case studies in sport law second edition provides students with comprehensive information on the fundamental legal issues in sport and sport management using a jargon free approach that is accessible to readers with little or no legal background the content covers legal and management matters most commonly found in sport management including liability issues protecting the legal rights of athletes and employees and managing legal risk these texts contain straightforward examples and case studies that deliver timely information to ground sport law theory in practical applications fully updated and expanded introduction to sport law second edition helps students understand the types of law that are most relevant to sport management professionals new references and updated court cases throughout the text allow students to see laws and issues from a contemporary point of view to further their comprehension a new chapter on labor law adds a current perspective for students and sport management professionals introduction to sport law second edition is organized in a progressive way that takes into account all law categories relevant to sport management the text presents an overview of the united states legal system including the court system the various types of law and legal resources it then explores important

topics including labor law risk management employment law gender equity intellectual property agency law tort law constitutional law antitrust law and contract law each chapter provides students with unique insight on the law at hand examining its relevance from the perspective of both sport management and law professionals and provides an understanding of its real world application objectives and a glossary of terms to assist students with comprehension and knowledge retention are included in each chapter and many examples are used to assist in grounding the theory in the courtroom sidebars present discussion questions comprehension checks and applied perspectives while moot court cases give students an opportunity to debate hypothetical scenarios and apply principles that they have recently learned to conceptualize the technicalities of sport law introduction to sport law with cases studies in sport law second edition presents a comprehensive examination of legal issues in sport through its focus on legal concepts with direct application to the sport manager s role and a presentation devoid of legalese this text provides readers with the information they need in order to feel confident with the fundamentals of sport law

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in japan deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and

responsibility for injuries are legally measured this monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level lawyers representing parties with interests in japan will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

stephen f ross presents this succinct introduction to key topics of law specific to sports comparing approaches to sports law across the globe with particular focus on the united states europe and common law jurisdictions contrasting the profit maximizing approach of north american leagues with the global integrated approach of professional sports governed by national and international governing boards the book offers a novel model for the latter

written for courses within sports law legal aspects of sports second edition provides a modern case based approach to this changing area of sports management and administration the text provides a breadth of coverage that is specifically written for sport management majors who need to understand the relationship between sport administration and the law and as such provides an accessible level of detail it urges students to think critically about course material and apply material to an in depth study of legal aspects of sport through the use of cases to real world scenarios and questions at the end of each chapter the second edition has been reorganized to improve the flow of content and all case studies have been added to navigate 2 to help students stay organized and prepare for class the topic of discrimination in sports has been updated and expanded to include age race religion and gender discrimination

sports law has been growing with increasing rapidity over the years since the first edition of this book was published in 1999 regularly making headlines as well as leading to a developing body of law practised by specialist lawyers this revised work by leading practitioners in the field with a foreword by lord coe provides a coherent framework for understanding the principles of sports law in this area as well as a deep analysis of its key features the subject is split into various areas of practice first regulatory rules which embrace the constitutional aspect of organised sport including the disciplinary procedures of the various governing organisations second broadcasting and marketing resulting from

the commercial exploitation including sponsorship of sports clubs sporting events and players and third player s rights and obligations which embraces a wide range of legal issues including club transfers and player contracts and issues arising from employment including discrimination law personal injury and criminal law special attention is paid to the impact of eu and human rights law as well as to the influential jurisprudence of the court of arbitration for sport london 2012 provides an appropriate point at which to assess the current state of the law as well as a look to the future the target readership extends from solicitors barristers and legal advisers to sports organisations and clubs corporations involved in marketing and sponsorship media companies academics teaching sports law and sports administrators i commend it to everyone who has to administer sport as well as to those who have to advise the administrators or argue cases in the field on whatever side it is a gold medal book from the foreword by lord coe kbe this title is included in bloomsbury professional s sports law online service
