relevant examples and self assessment tools english essentials not only builds language proficiency but also fosters self assurance in using english as a second language whether you re preparing for academic studies professional endeavors or travel this book serves as an essential companion on your journey to english fluency

over the last decades it has been hotly debated whether and how compounds i e word formations and phrases differ from each other the book discusses this issue by investigating compounds and phrases from a structural semantic functional and crucially cognitive perspective the analysis focuses on compounds and phrases that are composed of either an adjective and a noun or two nouns in german french and english having distinguished compounds from phrases on structural and semantic functional grounds the author claims that compounds are by their nature more appropriate to be stored in the mental lexicon than phrases and supports his argument with empirical evidence from new psycholinguistic studies in sum the book maintains the separation between compounds and phrases and reflects upon its cognitive consequences

reprint of the original first published in 1872 the publishing house anatiposi publishes historical books as reprints due to their age these books may have missing pages or inferior quality our aim is to preserve these books and make them available to the public so that they do not get lost

no mere history of applied linguistics this volume presents a framework for interpreting the development of applied linguistics as a discipline it offers a systematic account of how applied linguistics has developed articulating the philosophical premises that have informed both its emergence and its subsequent growth it asks questions that are seldom asked where does the discipline derive from where is it heading what directions has it already taken which direction should it embrace in future what is the relative worth of all of the variation in design and methods that have been developed by applied linguists in defining applied linguistics as a discipline of design it takes us beyond the diffuse and sometimes contradictory conventional definitions of the field the framework of design principles it proposes not only helps to explain the historical development of applied linguistics but also provides a potential justification for solutions to language problems it presents us with nothing less than an emerging theory of applied linguistics

linguistics and evolution offers readers the first rethinking of an introductory approach to linguistics since leonard bloomfield s 1933 language

now in its fifth edition a concise introduction to linguistics provides students with a detailed introduction to the core concepts of language as it relates to culture the textbook includes a focus on linguistic anthropology unpacking the main contributions of linguistics to the study of human communication and culture aimed at the general education student the textbook also provides anthropology linguistics and english majors with the resources needed to pursue advanced courses in this area written in an accessible manner that does not assume previous knowledge of linguistics this new edition contains expanded discussions on linguistic anthropology sociolinguistics including a section on gender and language and pragmatics the textbook incorporates a robust set of pedagogical features including marginal definitions a substantial glossary chapter summaries and learning exercises brand new to this edition are suggested reading lists at the end of every chapter and recommended websites and apps to further aid students in their study

in recent years the language of shakespearean drama has been described in a number of publications intended mainly for the undergraduate student or general reader but the studies in academic journals to which they refer are not always easily accessible even though they are of great interest to the general reader and essential for the specialist the purpose of this collection is therefore to bring together some of the most valuable of these studies which in discussing various aspects of the language of the early 17th century as exemplified in shakespearean drama provide the reader with deeper insights into the meaning of shakespearean text often by reference to the social literary and linguistic context of the time

as late as 1987 two thirds of the americans who responded to a national survey believed that english was the official language of the united states in fact the constitution is silent on the issue since senator s i hayakawa first proposed an english language amendment in congress in 1981 official english has been considered in forty seven states and adopted by seventeen the amendment is pending in the 102d congress supporters argue that english has always been our common language a means of resolving conflicts in a nation of diverse racial ethnic and religious groups and an essential tool of social mobility and cultural integration opponents charge that the amendment is unnecessary and that it threatens civil rights educational opportunities and free speech wrapping racist biases in a cloak of patriotism language loyalties a source book on the official english controversy provides a balanced comprehensive guide to this complex and often confusing debate it is an essential handbook and reference for advocates educators policymakers jurists scholars and citizens who seek to join this debate fully informed addressing the issues

involved in developing america s first planned national language policy james crawford has expertly collected and introduced more than eighty five source documents and articles

taking as a point of departure ideas and principles from the 18th and 19th century danish tradition and from 20th century traditions of the copenhagen school of linguistics this book attempts to set up a formal theory of syntax that addresses some of the weak points of other formal grammars notably chomskyan grammar after introductions to the ideas of brøndal hjelmslev and diderichsen götzsche lays the philosophical and theoretical foundations of his formalism based on a theory of universal pragmatics and on the invention of a special kind of formal logic called occurrence logic and elaborates this formal system in detail in order to justify the adequacy of the theory the theoretical apparatus is applied to the general structures of danish and swedish and illustrated by linguistic material from these languages furthermore the ambition is to propose solutions to traditional problems concerning more inferior grammatical categories like prepositions infinitive markers and particles the concluding chapter of the book presents some ideas about how the formal system can be transformed into a model of the cognitive mechanism that handles syntax this book will be of interest to linguists philosophers and scholars in theoretical linguistics and in modern languages

this is the first book to present yogic practices and resources for enhancing speech language development in young children from birth through to age 12 with easy to carry out exercises and demonstrative photographs throughout this innovative approach can be used to improve a range of speech language issues

if a student researcher had only one handbook on their bookshelf miller and salkind s handbook would certainly have to be it with the updated material the addition of the section on ethical issues which is so well done that i m recommending it to the departmental representative to the university irb and a new part 4 on qualitative methods the new handbook is an indispensable resource for researchers dan cover department of sociology furman university i have observed that most instructors want to teach methodology their way to imbue the course with their own approach miller salkind allows one to do this easily the book is both conceptually strong e g very good coverage of epistemology research design and statistics and at the same time provides a wealth of practical knowledge scales indices professional organizations computer applications etc in addition it covers the waterfront of methodology michael l vasu director of information technology north carolina state

university a unique and excellent reference tool for all social science researchers and a good textbook for graduate students and senior year undergraduate classes these students are about to enter the real life of research and need a handy and comprehensive tool as a starting point that offers shortcuts for getting into real research projects for a small project the book offers enough information to get the project started for big projects the book is ideal for information on where to look for things and examples jianhong liu department of sociology rhode island college the book considered a necessity by many social science researchers and their students has been revised and updated while retaining the features that made it so useful the emphasis in this new edition is on the tools graduate students and more advanced researchers need to conduct high quality research features benefits provides step by step instruction for students research training by beginning with how to find a creative idea a middle range theory and initial hypothesis and proceeds through design proposal collection and analysis of data followed by writing reporting and publication section on scales and indices are organized so that readers can quickly locate and find the type of scale or index in which they may be interested all sections are now followed by useful and well considered reference sections so that readers can read more about each topic includes updated coverage on new scales internal and external validity and new analytic techniques with extensive references on each presents extensive coverage of how to prepare manuscripts for publication including a list of all journals covered by sociological abstracts along with the editorial office address and url for each entry discusses the importance of policy research with presentation and discussion of specific models as an adjunct to both applied and basic research techniques provides extensive coverage of funding opportunities including those offered by the national institutes of health the national science foundation and a directory of private funding sources including relevant contact information new to this edition new part 4 by john creswell and ray maietta provides a comprehensive introduction to qualitative methods including a review of existing computer applications for collecting and analyzing data new and more current reviews and commentaries have replaced dated or no longer relevant excerpts thousands of new references on the assessment of important sociological variables as well as references to such topics as statistical analysis computer applications and specific topics thoroughly updated information on the use of computers and online research techniques including beginning and intermediate material about the internet and its use by the modern research scientist coherent and thoughtful review of the most popular statistical analysis software packages new guidelines and discussion of ethical practices in social and behavioral science research including extensive coverage of institutional review board procedures and

activities expansion of social indicators to include international coverage plus there is an extensive and well organized table of contents with four levels of headings and for the first time in the history of the book a comprehensive index
