the law of mitigation determines how a claimant s own response to a breach affects the damages they can recover it responds to the basic accusation although i did wrong you made things worse mitigation applies to all claims for compensation regardless of the claimant s cause of action and irrespective of the defendant s level of fault it is amongst the most litigated doctrines in private law and has significant implications for general theories of damages and yet has received relatively little scholarly attention to date mitigation in the law of damages provides the first comprehensive theoretical and doctrinal treatment of this important area of the law in any common law jurisdiction it argues that contrary to the leading texts on damages judges have been right all along to explain mitigation as an aspect of causation but to see why we must look beyond the but for concept of causation and understand the common sense causal principles used to attribute responsibility outside the law this approach reveals a new understanding of the rules of mitigation and their relation to other doctrines the implications are wide ranging first mitigation applies symmetrically to benefits as well as harms and encompasses a variety of damages doctrines that have previously been regarded as distinct second the new account of mitigation advances our understanding of the legal concepts of causation choice and loss and calls for a re evaluation of existing theories of damages third the book revives and develops arguments from hart and honoré s ground breaking work causation in the law with implications for every area of law where causal reasoning is invoked original and thought provoking mitigation in the law of damages restates and explains the law of mitigation in a way that is accessible to both academics and practitioners

the relationship between self concepts identities and crucial decisions in a business environment having noticed that people s views of major business related issues are rooted in their personal identities the author describes how to conceptualize the self and manage people to achieve collective action

in new approaches to welfare theory a group of economists explore themes central to the understanding of human well being building from a weberian understanding of social action

economic history is well documented in assyriology thanks to the preservation of dozens of thousands of clay tablets recording administrative operations contracts and acts dealing with family law despite these

voluminous sources the topic of work and the contribution of women have rarely been addressed this book examines occupations involving women over the course of three millennia of near eastern history it presents the various aspects of women as economic agents inside and outside of the family structure inside the family women were the main actors in the production of goods necessary for everyday life in some instances their activities exceeded the simple needs of the household and were integrated within the production of large organizations or commercial channels the contributions presented in this volume are representative enough to address issues in various domains social economic religious etc from varied points of view archaeological historical sociological anthropological and with a gender perspective this book will be a useful tool for historians anthropologists archaeologists and graduate students interested in the economy of the ancient near east and in women and gender studies

this book makes sense of new labour by interpreting its ideas and practices as symptoms of the times in which we live making sense of new labour is an in depth study interpreting a wide range of material including party political broadcasts and other election material tony blair s speeches and internal policy discussion finlayson disentangles and analyses the different elements of new labour s political philosophy which he argues is in large part a reflection of the culture and politics of contemporary capitalism as such the party inevitably finds itself managing a status quo rather than driving genuine change the book considers labour s marketing strategy and susceptibility to consumer culture the rhetoric and practice of modernisation the place of the third way in the context of recent british political and intellectual history the meaning of the knowledge economy and significance of welfare to work labour s conception and management of the state alan finlayson is a lecturer in the department of politics and international relations university of wales swansea

balbus conceptualizes modernity as a manic cultural defense against mourning the very losses it mandates and as a source of reparative movements of mourning that challenge its contemporary configuration mourning and modernity thus renews the tradition of critical cultural psychoanalysis that includes herbert marcuse norman o brown christopher lasch and dorothy dinnerstein and will appeal to anyone who is interested in the intersection of psychoanalysis and social or political theory book jacket

she draws on extensive interviews city council proceedings and historic plats and photographs to construct a detailed picture of how these districts originally looked and were used how they were renovated and to what ends they were marketed
