in this book journals are seen in every situation and from every angle as if mounted on a slow turntable under a spotlight the conclusion of most of the teachers and students using them is that they get people thinking they help them test their own experience against the ideas of many others the authorities they re studying their teachers their fellow students the payoffs from using journals in classrooms are here shown to be astounding students learn from making mistakes and half forming ideas they learn to think not by doing exercises in a faddish critical thinking textbook but by working their way through real questions with real interest and real intent back cover

drawing upon critical social theorists like habermas depth psychologists like jung and phenomenologists like hussert denhardts shows how the ethic of organization inhibits the individual s search for meaning and then discusses strategies for enhancing the individual s role he champions independence expressiveness and creativity over discipline regulation and obedience
