Italy's residents are a migratory people since 1800 well over 27 million left home but over half also returned home again as cosmopolitans exiles and workers of the world they transformed their homeland and many of the countries where they worked or settled abroad but did they form a diaspora migrants maintained firm ties to native villages cities and families few felt much loyalty to a larger nation of Italians rather than form a nation unbound the transnational lives of Italy's migrants kept alive

international regional cultures that challenged the hegemony of national states around the world this ambitious and theoretically innovative overview examines the social cultural and economic integration of italian migrants it explores their complex yet distinctive identity and their relationship with their homeland taking a comprehensive approach

travel tourism and identity addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups whether such contact is the result of tourism seeking exile or relocating abroad the volume s contributors demonstrate how one s identity cultural assumptions and worldview can be brought into question in some cases the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy in other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions the contributors argue that making these adjustments will surely enhance the traveller s or tourist s experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him this latest volume in the culture civilization series features a collection of essays on travel and tourism the essays cover a range of topics from historical travels to modern social identities they discuss ancient travels contemporary travels in europe africa and sustainable eco tourism and the politics of tourism essays also address experiences of grenada s spice island identity and the effects of globalization and migrations on personal identity

the articles in this book illustrate the important connections between art identity and social formations that disciplines like anthropology and ethnomusicology have long taken for granted these case studies emphasize the importance of artistic practices and forms within diaspora formations in particular and within social and political movements more generally the contributors coming from different disciplinary backgrounds shed a unique light on the specific potentials of the different arts to create and represent diasporic subjectivities upon which the very existence of diasporas depend amazon com

diasporas large scale ethnic migrations have been a source of growing concern as we try to understand the nature of community identity and nationalism traditionally diaspora communities have been understood to be pariah communities and most work on diasporas has focused on specific groups such as the jewish or african diaspora this book is unique in arguing against traditional interpretations and in taking a comparative look at a range of diasporas including the jewish arab chinese japanese indian maltese greek and armenian diasporas taking the past four centuries into consideration the authors examine diaspora trading networks across the globe on both a regional and international level they investigate the common patterns and practices in the enterprises of diaspora peoples and entrepreneurs the regions covered include western europe the mediterranean south west asia and the indian ocean and south east asia global networks of diaspora trading groups were crucial to international trade well before the twentieth century yet because they were not part of established institutions they have remained elusive to economists sociologists and historians through an understanding of diaspora trading networks we learn not only about diaspora communities but also about the roots of the modern global economy

this text explores the importance of territory and space to a genuine understanding of nationalism and identity it combines

theoretical insights with structured case studies on how national identity manifests itself in space and at different geographical stages

a collection of studies dealing with various aspects of Jewish political life the philosophical and structural elements of the Jewish polity in the diaspora political change in 20th century Anglo and American Jewish communities Jewish identity in the state of Israel the role of its religious political parties and Israeli public protest are all analysed from a Jewish and a general comparative perspective dust jacket
