masters theses in the pure and applied sciences was first conceived published and  
 disseminated by the center for information and numerical data analysis and synthesis  
 CINDAS at Purdue University in 1957 starting its coverage of theses with the academic  
 year 1955 beginning with volume 13 the printing and dissemination phases of the  
 activity were transferred to University Microfilms Xerox of Ann Arbor Michigan with  
 the thought that such an arrangement would be more beneficial to the academic and  
 general scientific and technical community after five years of this joint undertaking  
 we had concluded that it was in the interest of all concerned if the printing and  
 distribution of the volumes were handled by an international publishing house to  
 assure improved service and broader dissemination hence starting with volume 18  
 masters theses in the pure and applied sciences has been disseminated on a  
 worldwide basis by Plenum Publishing Corporation of New York and in the same  
 year the coverage was broadened to include Canadian universities all back issues can  
 also be ordered from Plenum we have reported in volume 37 thesis year 1992 a  
 total of 12 549 thesis titles from 25 Canadian and 153 United States universities we  
 are sure that this broader base for these titles reported will greatly enhance the  
 value of this important annual reference work while volume 37 reports theses  
 submitted in 1992 on occasion certain universities do report theses submitted in  
 previous years but not reported at the time

in this volume leading international experts in the analysis of time use explore the  
 interface between time use and family policy they show how social institutions limit  
 the choices that individuals can make about how to divide their time
