correcting much of the received tradition ian siggins has undertaken original research that leads to a new understanding of the formative role that martin luther's mother played in his verbal spiritual and psychological development siggins begins with a discussion of the traditional portrait of hanna luder including a review and the resolution of the debate about hanna's maiden name next he looks at a much less technical and more colorful controversy involving luther's mother he describes the social background and achievements of hanna's family and relates details of young martin's contact with that family during his impressionable adolescent years siggins pays special attention to the preaching that luther heard in the circle of his maternal relatives finally he examines luther's mature writings for traces of his mother's influence

james mcneill whistler painted his mother on impulse when she came to london to escape the american civil war forcing him to evict his mistress from his house it is hard to imagine a greater contrast than that between whistler s outrageously flamboyant life in london where he famously befriended oscar wilde and dante gabriel rossetti and the subdued touchingly melancholic depiction of his puritan mother he entitled arrangement in grey and black this portrait has become one of the world s best known paintings and an american icon yet we know remarkably little about it while restoring the painting for the louvre sarah walden became intrigued by the extraordinary and complex history of the painting which had never been fully explored from french british and american sources walden uncovers the intersections between whistler s flawed genius his struggle for recognition his troubled relationship with his mother and mistresses and the unprecedented historical response to his greatest work walden s findings read like a detective story and her controversial and progressive views on art restoration combine with biography and criticism to create a gripping narrative that skillfully weaves history and aesthetics into a seamless tapestry
