in this cross cultural interdisciplinary study john hick draws upon major world religions as well as biology psychology parapsychology anthropology and philosophy to explore the mystery of death he argues that scientific and philosophical objections to the idea of survival after death can be challenged and he claims that human inadequacy in facing suffering supports the basic religious argument for immortality

traces the development of the idea of eternal life as it changed to one of personal survival through modern influences such as marx freud the search for the historical jesus and vatican ii to today s thinking that we begin the afterlife now by currently working to build up the kingdom of heaven here on earth the book takes a historical approach first then considers biblical studies and apocalyptic questions then takes on popular questions such as is there sex in heaven

the existence by theodore ihejieta the existence is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life it is a book of planet earth which the planet earth gave to the author because the author asked the planet earth for the book of the world the author is a human being who lost faith in god and called on planet earth to do work and save human beings from evil and death in the world this is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection the author did not like to die in the world and told his existence that he did not want to die because the author believed that planet earth has the power to save human beings in the world the existence is the faith the hope and the charity that god challenged human beings to find and tell the mountain of evil and death to move away from human beings

the question about life after death has puzzled and tormented humanity for eons and must be addressed by every generation recent investigations in medical research have increased and focused attention on old beliefs about the meaning of life and beyond during an era dominated by rationalism and a materialist mind set even raising the question about surviving death has been an embarrassment to some theologians but is there eternal life and if so what is this supposed to mean at a time when our present life is continually improving progressing to increasingly higher standards and better quality these are some of the topics considered in this book the author discusses the medical philosophical and theological problems that arise from a consideration of these age old questions and presents a thought provoking analysis of the modern dilemma of the rethinking of ancient problems

*this book offers a multifaceted exploration of death and the possibilities for an afterlife by incorporating a variety of approaches to these subjects it provides a unique framework for extending and reshaping enduring philosophical debates around human existence up to and after death featuring original essays from a diverse group of international scholars the book is arranged in four main sections firstly it addresses how death is or should be experienced engaging with topics such as near death experiences continuing bonds with the deceased and attitudes toward dying secondly it looks at surviving death addressing the metaphysics of human persons the nature of time the nature of the true self and the nature of the divine it then evaluates the value of mortality and immortality drawing upon the resources of the history of philosophy meta analysis of contemporary debates and the analogy between individual death and species extinction finally it explores what an eternal life might be like examining the place of selflessness embodiment and racial identity in such a life this volume allows for a variety of philosophical and theological perspectives to be brought to bear on the end of life and what might be beyond as such it will be a fascinating resource for scholars in the philosophy of religion theology and death studies*

*the christian confession that jesus christ descended into hell has been variously misunderstood or simply neglected by the church and dogmatic theology this work is a significant retort to dogmatic forgetfulness and ecclesial misunderstanding it succeeds in doing so by offering a close reading and critical analysis of karl barth s treatment of the descent into hell and its relation to his extraordinary theology of the atonement the reach of david lauber s work is extended by placing barth in conversation with hans urs von balthasar s innovative theology of holy saturday in revealing and unexpected ways this book casts light upon the ecumenical breadth of barth s theology it is a valuable interpretation of significant facets of barth s doctrine of god reflection upon the passion of jesus christ and ethics in addition lauber offers a constructive theological proposal for how the descent into hell affects the theological interpretation of scripture the trinitarian being and activity of god and the non violent and authentic shape of christian life and witness before our enemies*

*the seven works in this volume some translated for the first time explore the great human mystery of death and the promise of eternal life they present along with on the soul and the resurrection pps 12 a vision that is consistent philosophically profound and characteristic of gregory s wider theology the first three works on the dead on infants taken away before their time and on the final subjection of christ might be termed thematic essays the fourth is a sermon celebrating christ s resurrection on the holy pascha and the remaining three are funeral homilies given for prominent people in constantinople meletius pulcheria and flaccilla this volume includes the critical greek text*

*some time ago i was traveling by train suddenly a young man i didn t know he knew me from the internet came up to me and asked do you believe there is a hell i replied immediately yes of course but heaven is more important and we can only get there through jesus christ the son of god this beautiful encounter and my own advanced age were the reasons for writing this book for wise is the one who prepares for eternity in good time foolish is the one who represses it full of humility about my limited human knowledge i would like to give insights into the mysteries of god in this book as far as he has revealed them to us in his word in doing so i do not want to go beyond the word of god and speculate i would like to begin with the positive and say a few words about heaven then which we must not conceal i will say a few words about hell sheol the realm of the dead hades and what is connected with them the last part takes a fundamental look at life after death and asks every reader the existential question where will you spend eternity contents introduction heaven a first glimpse we should not strive for earthly treasures but for heavenly ones we can endure trials and suffering with our eyes fixed on eternal bliss the heavenly resurrection body further insights into heaven hell sheol hades and the realm of the dead important bible passages for life after death what comes after death are you ready will you die or go home what can we know about heaven*
