this workbook has been designed for use in the classroom whether in traditional homeschool or virtual e learning settings each puzzle contains twenty words that have been carefully chosen and are recommended to work with your students on at the 3rd grade level words can be left to right down diagonal or backwards the solutions area in the back of the book and are meant for self checking and or parent teacher checking and of course for those times when you look and look and still can t find the word because some of these words are only three or four letters it is quite possible that some words will appear more than once within a puzzle if you are giving points for each word located consider bonus points for finding those duplicates also it s very common that puzzles contain extra words that aren t on the list it s a great way to give students that finish quickly something else to focus on unfortunately due to the randomization of the letters in each puzzle it is possible that a bad word or two may exist throughout the book at this grade level students amazingly find them often before adults do obviously you should discourage searching for those words but don t make it an issue until it is one or they ll go out of their way to find words the 3rd grade book increases the rows to 19x19 one unit has 20x20 rows keep them busy figuring out which unit has 20x20 as grade levels go up the number of rows will range from 20 x 20 up to 29 x 29 and of course the words are grade level appropriate and get longer the back of each page is deliberately blank so the students can focus using the same layout every week without fumbling with the book while writing words or putting words in short sentences may be an option we recommend using lined paper instead with the appropriately sized rows one activity you might consider is having the students draw pictures of as many of the words as they can or write words that rhyme with the spelling words you re creative right you ll figure something great to do with the back side of the pages the pages are not perforated by design because many teachers have students turn in the entire book and some will not pass them back out until the following monday when you are ready to introduce new words this discourages students from working ahead you ll notice that some words are short while others are longer even within the same week s words the words were carefully selected based on many factors whether it be word type commonly misspelled words certain letter and sound combinations or other factors don t want your students to be able to view the solutions at the back of the book a few staples or some tape to bind those pages together will fix that although most students enjoy being able to find the words without peeking at the answers especially at younger ages no separate teachers edition is necessary with this workbook be sure to check out our other spelling books for other grade levels as well as other books we have published just search for diversified company as the author to see our selection on amazon diversified company an indiana corporation offering many products and services visit diversified company to learn more
