use copy in blurb1deep in india s past lord krishna revealed the 700 verse bhagavad gita a spiritual poem containing universal nonsectarian truths in 1995 steven pressfield decided to introduce the bhagavad gita to a contemporary audience so he restructured the gita in terms of a golf novel the legend of bagger vance as he says in the gita the troubled warrior arjuna receives instruction from krishna supreme lord of the universe who has assumed human form as arjuna s charioteer instead of a troubled warrior it s a troubled golf champion ranulph junah instead of his charioteer it s his caddie bagger vance now a major motion picture directed by robert redford and starring matt damon and will smith the legend of bagger vance is loosely based on the ancient hindu epic steven rosen in gita on the green the mystical tradition behind bagger vance draws the story out further using some thirty years of gita scholarship and a writing style that is both eloquent and thorough rosen takes us on a colorful journey into the golf world of bagger vance as well as into the spiritual realm of bhagavan sri krishna by the end of the journey one realizes that one has just read a commentary on the bhagavad gita while hitting a hole in one

ashtavakra gita is the most instructive spiritual text ever written and should be read and re read by any sincere seeker of self realization it gets to the heart of truth and true nature more directly and concisely than anything else i ve encountered and i agree with its last words no more can be said i call this the bootleg version because a pdf of my first draft of this translation which i gave to a small group of friends made its way onto the internet and subsequently was downloaded and read by a sizeable number of people judging by the emails i ve received thanking me for doing it or requesting permission to translate it into their language despite having no contact information in the pdf several years later i included a slightly revised version in my book the perennial way which judging by book sales has not reached nearly the same number of people and so i thought i d publish the original version

separately as a paperback and e book on the theory that maybe it had its own mojo for some reason and might find its way into the hands of a few folks who have not otherwise encountered it the translator s preface and introduction are also from the original viral pdf

a simple gita to modern life about this book an imaginary interview about the book interviewer why do you want to write a book like this as its title a simple gita to modern life jakka pradeep bhagavad gita taught to the warrior arjuna by lord krishna has shown a tremendous positive influence on many people even great people like mahatma gandhi ravindranath tagore and many other eminent personalities said they were influenced by bhagavad gita but when i tried to read this great book i felt that the ideas written in the book are very complex and not easily understandable to me i need a pandit who already have a thorough knowledge about the book to give a clarity about its in depth theme so i thought that there should be a simplified version of gita which should be easily understood to the present generation interviewer what are the measures you have adapted to simplify bhagavad gita jakka pradeep this book is not a copy of bhagavad gita nor the book is not a re telling about its original concepts in a simplified version but i have adopted the original idea in that book that is a confused man arjuna asks questions about life to a knowledgeable man krishna in this book a confused man ujwal deep asks questions about life to a knowledgeable woman keerthana in this sense you can find similarity between these two books both the books are a dialogue between two individuals interviewer is there any reason behind a man ujwal deep asking questions to a woman called keerthana jakka pradeep keerthana and ujwal deep are two imaginary characters used in the book with a specific reason first of all i want to clarify that these characters are not resemblance to any real life personalities it is merely a co incidence if at all there is a resemblance to any real life dignitaries second keerthana means a song and bhagavad gita is also known as song of god in this sense there is a connection between the title a simple gita to modern life and the name keerthana in other way this title is also called as simple song to modern life and i used ujwal deep as another character which has a meaning an enormous light his character is similar to arjuna in ability but

due to problems in life he felt depressed he then felt need for taking psycho therapy to attain clarity in thoughts and to overcome depression he approached a famous psychologist called keerthana to resolve his conflicts she successfully does that third i have firm belief that without woman man cannot survive to project this belief in my writing i have taken a female character supporting a male character and helping him to overcome his conflict interviewer you mean women are more intelligent and capable than men jakka pradeep i think woman are foolish to pretend they are equal to men they are far more superior and always have been whatever you give women she will make greater if you give her sperm she ll give you a baby if you give her a house she will give you a home if you give her a smile she will give you her heart she multiplies and enlarges what is given to her so if you give her any crap be ready to receive a ton of shit said william golding yes i believe women are many more times intelligent and efficient than men they have sharp eyes maturity of mind and good understand about society than most of the men because of high standards they are superior then males but even today they are the under estimated by many men so to boost the courage of women and to make men re think about their superior ego if they have any i wrote this book interviewer i think this book is a good effort by you and hope it will reach many people jakka pradeep thank you
