borges once stated that he had never created a character it s always me subtly disguised this book focuses on the ways in which borges uses events and experiences from his own life in order to demonstrate how they become the principal structuring motifs of his work it aims to show how these experiences despite being heavily disguised are crucial components of some of borges s most canonical short stories particularly from the famous collections ficciones and el aleph exploring the rich tapestry of symmetries doubles and allusions and the roles played by translation and the figure of the creator the book provides new readings of these stories revealing their hidden personal emotional and spiritual dimensions these insights shed fresh light on borges s supreme literary craftsmanship and the intimate puzzles of his fictions

substance use disorder is a legitimate medical disorder with its locus in the pleasure centers of the brain people who have addictions frequently also have medical and psychiatric comorbidities that complicate their addictions with perseverance all of these challenging disorders can be prevented and treated prevention can be classified as primary secondary and tertiary the sine qua non of treatment and prevention is the biopsychosocial model classification is crucial in science as an example the dsm 5 publication has been an important scientific achievement in it substance related and addictive disorders can be diagnosed using the four cs craving control loss of compulsion and use despite negative consequences thanks to pharmacogenetics and epigenetics in the future the high risk for different addictions can be clarified tragic cases of celebrities can be changed and their triumphs celebrated instead of their deaths mourned from substance use disorders examples of tragic cases in the past are ernest hemingway whose family also suffered five suicides including hemingway himself and eugene oneill with three suicides in his family on the other hand bob and bill w betty ford and robert downey jr and drew barrymore all succeeded in their fights against addiction as far as i know hemingway and oneil were never told they had an alcohol use disorder and were never referred to aa although it is speculation if both authors and their families were treated with lithium used for mania first in australia in 1949 and approved for the treatment of mood disorders in the united states in 1972 or in the future ketamine their suicides could have been prevented bob smith and bill watson who experienced a spiritual transformation experience were able to abstain from alcohol for the rest of their lives evidence based studies can be used along with fda approved addiction medication as part of the biopsychosocial model for alcohol use disorders three

medications are recommended disulfiram acamprosate and naltrexone the key is determining which medication is indicated for a specific patient for cocaine and stimulant use disorders fda approved medications for the treatment of adhd are an alternative for patients trying to self medicate with cocaine for opiate use disorders three other medications are also fda approved naltrexone methadone and buprenorphine i favor buprenorphine due to the fact that is a partial mu blocker the mu receptor is the most important analgesic opiate receptor the risk of respiratory depression in cases of overdosing is low and the success rate is high buprenorphine can be paired with naloxone which is an opiate blocker to prevent the illegal distribution kits with naloxone evzio brand name of naloxone 0 4 milligram auto injector are being distributed to patients and family members making it a life saving medication similar to epipen for the treatment of anaphylactic shock in order to diminish the risk of diversion many deterrent techniques are being developed by manufactures of opiates all these precautions will be almost superfluous if an implantable version of buprenorphine becomes available effective and updated medical education is the best antidote against stigma above all all patients with substance use disorders should be treated with respect and humane care

modernism as a literary aesthetic flourished in hispano america and spain for over fifty years 1882 1935 its surface and inspiration seem alien to us yet it was an age remarkably like our own a time of alarmingly rapid change and uncertainty about the future dissatisfaction with a church that seemed to have turned her back upon science and modern learning was rife among writers artists and intellectuals in religion as in other areas of life the modernist was an eclectic drawn to those ideas which have been rejected by judaeo christian orthodoxy the heterodox and the occult silva s de sobremesa and the poetry of dario document the religious pilgrimage of an epoch
