focusing on the professional learning journeys of practising teachers and their tutors this book takes readers through the experiences of teachers on the developing innovative pedagogies through the lesson study module at the university of east anglia building on the perspectives of teachers practising lesson study the book delves into the design of a series of action research cycles to solve authentic learning and teaching problems in a variety of educational settings in addition to theoretical tools and concepts on pedagogy this book gives voice to teachers who

become researchers while crossing the boundaries of school and university and the boundaries of theory and practice the teacher researchers ask their own questions test their hypotheses and work collaboratively with their school colleagues to experiment with teaching strategies aimed at learning with understanding the chapters feature the voices of the pupils themselves and their experiences of learning within a range of educational settings and phases written for teachers leaders in education teacher educators and researchers this book shows that the combination of good learning theories and teacher collaboration help bridge the gap between theory and practice in teachers professional learning and enable learners to deepen their knowledge and understanding

if you're at this point you must be getting ready for your english language exams so we have a few words of advice for you exams aren't bad they're your opportunity to show off just how much you know about english and you have been studying it since you were five so you definitely know a thing or two don't worry about your exams worry never changes anything instead try and see them as an opportunity to show off what you know practising exam papers is a good way to revise and because this exam is still relatively new there aren't that many past papers out there the papers in this book have been created to try and replicate the exam experience for you some people might suggest using your literature texts for practice but the whole point of this exam is that it is unseen it's best to work on extracts you've never read before there is more than one way to tackle an exam paper you could sit it in one go and complete it in exam conditions from start to finish you could go at the papers gently with modelled examples in front of you to help check out the videos at youtube.com/mrbruff another method is to try three question threes all in a row slide tackling your way through the paper you might want to complete all of the section b questions before beginning section a however you do it take your time and use the indicative content at the end to check your work the indicative content isn't everything you might make a point that we haven't included marking your own work is quite difficult so although these are good to practise on you should share with someone who understands the marking system to mark your work and give you feedback this book is not a guide to the exam it is a set of practice papers for a detailed question by question guide to aqa english language you should pick up a copy of mr bruff's guide to gcse english language in paperback on amazon or ebook at mrbruff.com please note we are not endorsed by or affiliated to the aqa exam board we are simply two experienced teachers creating resources
