seminar paper from the year 2001 in the subject english language and literature studies literature grade 2 0 b university of dusseldorf heinrich heine anglistics institute course sean o casey the dublin trilogy language english abstract hundreds and thousands of articles and books have already been published on sean o casey his life and his writings one may rightly ask whether it is necessary to compose yet another essay about the famous irish writer it is while reading sean o casey and once if not irish born you have learned to read and accept his irish english language and background one can t argue that his writings are brilliant they are rich in images metaphors language and intentions it is almost impossible to get a comprehensive and finally decisive look upon his work especially the trilogy provides a lot to interpret and to discuss from various points of view depending on the specific status quo of a society this hausarbeit now is not meant to give yet another attempt to analyse the author s intentions from a new angle but to give an overview about what famous and less popular critics have said about o casey s trilogy so far it s also neither a try to picture as in a historical dictionary the political events in a chronological order these surroundings and the setting they provide for the dublin

plays are of course crucial in order to understand o'casey and therefore worth to be mentioned in the context of this essay more important though are the questions why and in a sense how the author used the particular social and political actions and influences to create a certain setting for his characters how they cope or fail with the intrusion of the outside world into their daily life and business the hausarbeit is divided into three main parts the first one deals with sean o'casey and his life as a playwright the second one gives an insight look into *juno and the paycock* with a special emphasis on the portrayed poverty and death and on how juno and boyle are presented eventually the third one provides a closer view on how o'casey dealt with the easter rising of 1916 in his work *the plough and the stars* it is shown what intentions ideas and dramatic devices critics believe the author has chosen in order to create a certain result amongst his audience it goes of course without saying that an advanced familiarity with the context of the presented texts must be required to understand the ideas mentioned in this hausarbeit

the third edition of this leading text provides a comprehensive guide to literary study emphasis has been placed on contextualizing literature and this updated version takes these changes into account by incorporating more material on historical and cultural contexts as well as in depth discussions on novels drama and poetry

examines the relationship between the political social climate during which books were written and the works themselves this volume focuses on major fiction poetry and nonfiction from great britain and ireland from the victorian era to the present

this book examines how the early twentieth century irish renaissance irish literary revival inspired the chinese renaissance the may fourth generation of writers to make agentic choices and translingual exchanges it sheds a new light on may fourth and on the irish renaissance by establishing that the irish literary revival 1900 1922 provided an alternative decolonizing model of resistance for the chinese renaissance to that provided by the western imperial center the book also argues that chinese may fourth intellectuals translated irish revivalist plays by w b yeats lady gregory seán o'casey and synge and that chinese peasants performed these plays throughout china during the 1920s and 1930s as a form of anti imperial resistance yet this literary exchange was not simply going one way since yeats lady gregory synge and o'casey were also influenced by chinese developments in literature and politics therefore this was a reciprocal encounter based on the circulation of anti colonial ideals and mutual transformation

clowns are far more vital in modern anglo irish than in english drama age old clown types can be recognized and slapstick techniques recur time and again but the functions of these modern clowns differ markedly according to the dramatic intentions of the author low comic entertainment affirmation contrast and satire are major functions of the clown from boucicault to o casey although supposedly typical of the contemporary period the tragicomic symbolic role found in beckett proves to be an exception in anglo irish drama
