derived from a popular review course for residents and fellows at Yale University's Department of Psychiatry, this comprehensive question and answer review book will prepare resident and practicing psychiatrists for all types of standardized examinations including the American Board of Psychiatry and Neurology written exam and recertification exams. The book contains 2,000 multiple choice questions divided into ten 200 question tests, and each test covers all psychiatry and neurology topics in the ABPN curriculum. An answer section with complete answers, explanations, and references for further review follows each test. All of the questions will be available on a companion website so that readers can take the tests online. comprehensive-review-of-psychiatry.com

Succeed in your course and prepare for effective practice with *Psychiatric Mental Health Nursing*, 6th Edition, focused throughout on helping you develop the skills and knowledge you'll need on the job. This practical book explores the full psychiatric nursing curriculum and gives you opportunities to practice specific nursing interventions, build therapeutic communication skills, and apply content within the framework of the nursing process. A study guide built into every chapter helps you master key concepts and build critical reasoning skills. **Publisher's Description**

Sixty high-yield psychiatry cases help you sharpen your diagnostic and problem-solving skills. You need exposure to high-yield cases to excel on the psychiatry clerkship and the shelf exam. *Case Files: Psychiatry* presents sixty real-life cases that illustrate essential concepts. Each case includes complete discussion, clinical pearls, references, definitions of key terms, and USMLE-style review questions with detailed explanations of the correct answers.
