there is hardly any discussion of class that does not in some way relate to the theories of marx and weber so profound was the impact of their ideas that their writings are often perceived as the only original and most reliable interpretations of class society but marx and weber were neither the first nor last to talk about class and they did so based on the specific conditions prevalent in their own communities class explains this complex field using cultural sociological and feminist perspectives it deepens our understanding of the problems of class and uses illuminating examples from media popular culture and literature that explain current class analysis class is an elegant lucid comprehensive introduction that broadens our understanding of the concept and the immense power that it exerts by way of in and exclusions

featuring a strikingly diverse and impressive team of authors this is the most comprehensive textbook available for courses on international organizations and global governance this book covers the history theories structure activities and policies of both state centred institutions and non state actors in global politics

in this open access publication the social cohesion of urban neighborhoods and their residents is examined which is often viewed as vulnerable since increased mobility individualization wider socio economic and demographic changes have fundamentally altered the basis for everyday social interaction in urban neighborhoods anna steigemann gives scholarly attention to the concrete places where neighborly interactions still take place and to how these interactions affect local community building she illuminates and explores the ordinary everyday interactions and social practices in and around shops and gastronomic facilities on a shopping street in

berlin neukölln revealing how these businesses are important places where community is practiced but also why they are increasingly threatened by commercial and residential gentrification

pandemics it seems that it had been the beginning of a new era after a first shock wave a new normality commenced trying to repress the complex challenges while living under a new sword of damocles origins and consequences of the virus had been frequently issued but only little attention had been paid to structural problems of societies making it difficult to cope with the exceptional situation the present book focusing on the german polity and its structural weakness analysis the situation in a historical perspective it is completed by an essayist globalist outlook on the pandemics the provocative thesis is that the precarity of society is itself a kind of virus in many ways as dangerous as the corona virus the latter one showed the weak and dangerous points of the failure of the polity that need urgent and thorough political answers

peasants movement on land reform in kalibakar malang from 1992 to 2005

finally available a high quality book of the original classic edition of the communist manifesto it was previously published by other bona fide publishers and is now after many years back in print this is a new and freshly published edition of this culturally important work by karl marx which is now at last again available to you get the pdf and epub now as well included in your purchase you have the communist manifesto in epub and pdf format to read on any tablet ereader desktop laptop or smartphone simultaneous get it now enjoy this classic work today these selected paragraphs distill the contents and give you a quick look inside the communist manifesto look inside the book an oppressed class under the sway of the feudal nobility an armed and self governing association in the mediaeval commune here independent urban republic as in italy and germany there taxable third estate of the monarchy as in

france afterwards in the period of manufacture proper serving either the semi feudal or the absolute monarchy as a counterpoise against the nobility and in fact corner stone of the great monarchies in general the bourgeoisie has at last since the establishment of modern industry and of the world market conquered for itself in the modern representative state exclusive political sway if the proletariat during its contest with the bourgeoisie is compelled by the force of circumstances to organise itself as a class if by means of a revolution it makes itself the ruling class and as such sweeps away by force the old conditions of production then it will along with these conditions have swept away the conditions for the existence of class antagonisms and of classes generally and will thereby have abolished its own supremacy as a class about karl marx the author 77 although marx was constantly being pulled away from his study of political economy by the usual daily demands on his time that everyone faces and the additional special demands of editing a radical newspaper and later by the demands of organizing and directing the efforts of a political party during years in which popular uprisings of the citizenry might at any moment become a revolution marx was always drawn back to his economic studies 109 hoping to see the revolution spread to germany in 1848 marx moved back to cologne koln where he began issuing a handbill entitled the demands of the communist party in germany in which he argued for only four of the ten points of the communist manifesto believing that in germany at that time the bourgeoisie must overthrow the feudal monarchy and aristocracy before the proletariat could overthrow the bourgeoisie

translation of zur kritik der politischen ökonomie
