grappling with the place of jewish philosophy at the margin of religious studies robert erlewine examines the work of five jewish philosophers hermann cohen martin buber franz rosenzweig abraham joshua heschel and joseph soloveitchik to bring them into dialogue within the discipline emphasizing the tenuous place of jews in european and particularly german culture erlewine unapologetically contextualizes jewish philosophy as part of the west he teases out the antagonistic and overlapping attempts of jewish thinkers to elucidate the philosophical and cultural meaning of judaism when others sought to deny and even expel jewish influences by reading the canon of jewish philosophy in this new light erlewine offers insight into how jewish thinkers used religion to assert their individuality and modernity

with some 280 colour illustrations introduction to modern design takes us on a visual survey of design from the industrial revolution of the eighteenth century to the maker movement of today it offers a new understanding of the birth of modern design in the early twentieth century and chronicles the way its meaning has changed over the decades the narrative is supported by twenty six readings from significant texts by designers and critics offering readers an opportunity to learn about design from those who created it and those who commented on it as it was done the focus of this book is on the objects themselves from industrial design furniture ceramics textiles graphics electronics to automobiles and explores the development of these designs in relation to industrialization technology environmental responsibility consumerism individual needs and the expression of the social values of their day clearly written and accessible introduction to modern design provides a succinct history of and fascinating insights into the world of design

jin feng proposes that representation of the new woman in communist chinese fiction of the earlier twentieth century was paradoxically one of the ways in which male writers of the era explored negotiated and laid claim to their own emerging identity as modern intellectuals

through a collection of essays by leading scholars on women s history and gender history gender and change agency chronology and periodisation questions

conventional chronologies while reassessing the relationship between gender agency continuity and change celebrates 20 years of the publication of the journal gender history reflects the extent to which gender analysis suggests alternatives to conventional periodisation for example whether the european renaissance can be classified as the same period of great cultural advance when viewed from the perspective of women offers innovative historiographical and theoretical reflection on approaches to gender agency and change

now available with the most current and relevant journal articles from cell press biotechnology academic cell update edition approaches modern biotechnology from a molecular basis which grew out of the increasing biochemical understanding of physiology using straightforward less technical jargon clark and pazdernik manage to introduce each chapter with a basic concept that ultimately evolves into a more specific detailed principle this up to date text covers a wide realm of topics including the forensics used in crime scene investigations the burgeoning field of nanobiotechnology bioethics and other cutting edge topics in today s world of biotechnology basic concepts followed by more detailed specific applications with clear color illustrations of key topics and concepts

drawing on declassified material from stalin s personal archive this is the first systematic attempt to analyze how stalin saw his world both the soviet system he was trying to build and its wider international context stalin rarely left his offices and viewed the world largely through the prism of verbal and written reports meetings articles letters and books analyzing these materials sarah davies and james harris provide a new understanding of stalin s thought process and leadership style and explore not only his perceptions and misperceptions of the world but the consequences of these perceptions and misperceptions
