sir leon radzinowicz is one of the key figures in the development of criminology in the twentieth century this account of the development of criminology intertwines his personal narrative as a criminologist with the progression of criminology itself his experience gained from a career which

has spanned 70 years since the 1920s offers a profound overview of how the understanding of crime and criminals of criminal justice systems and penology has changed and of the tensions and dilemmas these pose for democratic societies

this volume contains recent and cutting edge articles from leading criminological theorists the book is organized into ten sections each representing the latest in the multi disciplinary orientations representing a cross section of contemporary criminological theory these sections include 1 classical and rational choice 2 biological and biosocial 3 psychological 4 social learning and neutralization 5 social control 6 social ecology sub cultural and cultural 7 anomie and strain 8 conflict and radical 9 feminist and gender 10 critical criminologies anarchist postmodernist peacemaking the articles were selected based on their contributions to advancing the field including ways in which the authors of each chapter understand the current theoretical tendencies of their respective approaches and how they envision the future of their theories because of this the articles focus on theory rather than empirical research of particular note is the tendency toward integration of different perspectives as described by editors henry and lukas in their original introduction to this volume

integrates the most salient research within the interconnected fields of criminology and criminal justice

this is an essential introduction to undergraduate studies in criminology short clear and concise it provides a comprehensive overview of the key themes covered on your criminology course the second edition provides summaries of key course content including new sections on race and ethnicity cybercrime ordinary crime state crime global and comparative criminology green criminology and zemiology a helpful study skills section with extensive advice on how to write essays and pass exams including new sections on how to avoid plagiarism and how to find read and use journal articles recent international case studies drawn from the united kingdom australia africa and the united states an all new companion website providing guides to further reading and links to relevant blogs journal articles and useful websites criminology the essentials is an indispensable learning tool as well as mapping out course content in a coherent and engaging way it offers helpful hints and tips for getting the most out of your studies

this collection of essays deals with central issues relating to the rule of law individual rights and the politics of penal reform the issues examined include juvenile justice criminal violence feminism and criminology civil liberties police powers justice in prisons and the necessity for social life to be regulated by law the emphasis throughout is upon specific concrete problems and the formulation of possible solutions in marked contrast to many radical criminologists who have fashioned utopian visions of a socialist society untroubled by problems of social regulation each contributor to this book focuses sharply upon tangible problems and workable alternatives by eschewing global theories of either crime or law and by avoiding

generalized radical recipes for change these essays provide an important counter balance to recent libertarian anarchistic and utopian trends in modern criminology

a comprehensive introduction to the study of crime and criminology provides a concise yet comprehensive introduction to the study of crime this seventh edition explores the key theories that explain criminal behaviour in society providing students with the opportunity to evaluate how criminologists employ these theories in analyses of criminological issues written by an expert author team this edition has been thoroughly updated to include new examples and expand on the new directions in crime and criminology the book includes learning features designed to engage students in criminology by demonstrating how criminological theory can be placed in both a historical and contemporary context and how it both frames and draws from research it provides learning pathways beyond specific theories equipping students with the skills to understand their own theoretical perspectives and understand the social context history and concepts of each criminological theory new to this edition three new chapters have been added to the seventh edition chapter 11 green criminology chapter 13 postcolonial criminology chapter 14 criminology and the digital society

comprehensive critical and accessible criminology a sociological introduction offers an authoritative overview of the study of criminology from early theoretical perspectives to pressing contemporary issues such as the globalisation of crime crimes against the environment terrorism and cybercrime authored by an internationally renowned and experienced group of authors in the department of sociology at the university of essex this is a truly international criminology text that delves into areas that other texts may only reference it includes substantive chapters on the following topics histories of crime theoretical approaches to crime and the issue of social change victims and victimisation crime emotion and social psychology drugs alcohol health and crime criminal justice and the sociology of punishment green criminology crime and the media terrorism state crime and human rights the new edition fuses global perspectives in criminology from the contexts of post brexit britain and america in the age of trump and from the global south it contains new chapters on cybercrime crimes of the powerful organised crime life course approaches to understanding delinquency and desistance and futures of crime control and criminology each chapter includes a series of critical thinking questions suggestions for further study and a list of useful websites and resources the book also contains a glossary of the criminological terms and concepts used in the book it is the perfect text for students looking for a broad critical and international introduction to criminology and it is essential reading for those looking to expand their criminological imagination

ideal for undergraduate courses in criminology especially those taught from a critical perspective criminology a sociological approach fifth edition is a

comprehensive yet highly accessible introduction to the study of crime and criminological theory authors piers beirne and james w messerschmidt present the topic from a sociological standpoint emphasizing the social construction of crime and showing how crime relates to gender class race and age providing students with a strong theoretical foundation the book also addresses historical feminist and comparative perspectives and highlights the major types of crime and victimization patterns the text is divided into three parts part i focuses on three questions what is crime how can we measure how much crime there is in the united states and finally how can we compare rates of crime in different societies part ii is a systematic guide to modern criminological theory and its historical development part iii examines specific types of crime including property crime interpersonal violence white collar crime and political crime written in student friendly language criminology uses abundant illustrations examples and case studies to elucidate key points the text also offers many helpful learning aids including chapter previews lists of key terms chapter reviews questions for class discussion and suggestions for further study new to the fifth edition moves the theory chapters to earlier in the book helping to better connect them with one another reorganizes the chapters on theory to showcase the self contained internally coherent nature of criminology rather than criminology s place in the historical record adds examples throughout presents new and up to date empirical data in all sections discusses many new topics including cultural criminology and green criminology covers numerous types of crime that were not discussed in previous editions e g whiteness and crime the rape war connection ponzi schemes domestic right wing terrorism and state sanctioned torture

criminology the essentials third edition by anthony walsh and cody jorgensen introduces students to major theoretical perspectives and criminology topics in a concise easy to read format this straightforward overview of the major subject areas in criminology still thoroughly covers the most up to date advances in theory and research in the new full color third edition special features have been added to engage the reader in thinking critically about concepts in criminology

this accessibly written book is truly innovative in combining an introduction to key perspectives and topics in criminology with a very student friendly study guide to the problems of researching and writing in the discipline professor kevin stenson middlesex university this book offers a timely introduction both to the discipline of criminology and to the practice of studying it as an undergraduate subject it takes the reader from first principles in criminology through to some quite complex ideas and debates it also offers useful advice on how to grapple with the practical realities of studying this subject it does both of these in a manner which is always accessible and readable dr tony kearon keele university this is a superb text for the undergraduate audience intended the writing is clear difficult concepts are explained well criticality is encouraged the signposting is adequate and exercises are provided to embed learning an excellent book overall and one that deserves wide readership peter hamerton criminology is part of

an exciting new series from sage developed as accessible reference tools sage course companions offer an introduction to the subject and encourage students to extend their understanding of key concepts issues and debates criminology is designed to give those new to the study of criminology criminal justice and the sociology of deviance a comprehensive overview of the subject matter it can be used as an introduction to the subject and referred to throughout the degree for tips and revision guidance criminology is designed to complement rather than replace existing textbooks for the course and will provide helpful summaries of the course curriculum to aid exam revision and essay planning key summaries of the approach taken by the main textbooks on the course guidance on the essential study skills required to pass the course help with developing critical thinking route maps to aid the development of wider learning above and beyond the textbook pointers to success in course exams and written assessment exercises a tutor s eye view of what course examiners are looking for an insider s view of what key course concepts are really all about sage course companions are much more than revision guides for undergraduate they are an essential tool to success in undergraduate courses enriching the learning experience and developing students understanding

this new edition of the authors popular text reader provides instructors and students with the best of both worlds authored text with carefully selected accompanying readings thoroughly updated throughout this second edition provides an interdisciplinary perspective on crime and criminality that incorporates the latest theories concepts and research from sociology psychology genetics evolutionary biology and the neurosciences book jacket

designed for upper level senior and graduate criminological theory courses this text thoroughly examines the ideas and assumptions underlying each major theoretical perspective in criminology it lays bare theorists ideas about human nature social structure social order c

this book is an invaluable reference for those new to the field of criminology who are looking for a clear outline of the major perspectives and traditions found in criminology the author has outlined the ideas concepts and traditions of the key theoretical perspectives that drive contemporary debate topics discussed include anomie theory classical criminology critical criminology labelling theory positivism post modernism subcultural theory key perspectives in criminology is not simply a dictionary of criminology but a welcome introduction for those with a genuine interest in the terms concepts themes and debates in the field
