free clinics and student run clinics are an essential part of america s health care safety net in community after community pro bono and student run health clinics have sprung up over the past 30 years providing critically needed care to medically underserved populations free clinics is a mosaic formed by accounts of such clinics around the united states these wide ranging narratives from urban to rural from primary care to behavioral health care provide examples that will assist other communities seeking to find the model that best fits their needs the patient protection and affordable care act has improved access to health care for many americans but millions remain and will remain uninsured or underinsured free clinics provide non emergency care to those in need nationwide professionals can be found offering volunteer services at these clinics contributors to this volume typically people with personal familiarity as clinicians or area residents with the clinics they write about cover a variety of topics including a review of the literature data driven accounts of clinic usage and ethical guidelines for student run clinics they describe the motivations of clinic staff the day to day work of a family nurse practitioner working in clinics and teaching at a university the challenges and rewards of providing health care for homeless people and more student run clinics are the topic of the second section in addition to providing

care to a small subset of those in need student run clinics are an important venue for training future clinicians and helping the seeds of altruism with which many enter their professions to germinate free clinics will be useful to policymakers students and faculty in public health and health policy programs and clinicians and students who are embarking on launching new clinics

an examination of the complex interrelationship between charity birth control clinics and the commercial marketplace in the united states through the 1970s the birth control clinic in a marketplace world is the first book to chart the origins and evolution of the charity birth control clinic movement in the united states from the 1910s through the 1970s a period that witnessed dramatic transformation in the goods and services such clinics provided rose holz uncovers the virtually unexamined relationship between planned parenthood and the commercial marketplace sphere challenging more thanthirty years of historiography on birth control holz sheds new light on battles over reproductive rights through her analysis of the planned parenthood federation of america within the context of the commercial birth control world revealing that it would be planned parenthood s engagement to charity the argument the organization once used to discredit the presumed profit driven exploitation of the marketplace that would put precisely those women ithoped to assist in dangerous situations she asks such probing questions as what were the meanings attached to the provision of birth control and its commercial distribution how in turn were these meanings used as sources of power the project draws on rich primary sources to answer these questions and to examine the historical role of the local birth control clinic in modern america rose holz earned her phd in history from the university ofillinois at urbana champaign she is associate director of and associate professor of practice in the women s and gender studies program at the university of nebraska lincoln

outreach and service learning to elementary and secondary schools and community organizations that serve under represented groups urg and under represented minority urm demographics has long been a focus of pre clinical and clinical health professions education institutions to improve individual and health related self efficacy when health pre professional and professional students teach correct science technology engineering math and medicine stemm principles to youth they help to improve the health related self efficacy and cultural competency of individuals and the community service learning is an extension of outreach efforts defined broadly by different accreditation councils as educational experiences in which students purposefully prepare and provide service to the community followed by a reflection on the experience together outreach and service learning are excellent opportunities for professional pathway students to inspire the next generation of elementary and secondary school children to develop evidence based health related self efficacy and an interest in stemm careers
