this uk european text provides a much needed summation of strategic management issues in nonprofit organizations addressing both academic theory and current practice

taking an unusual approach to the study of leadership the authors find examples to learn from among the many non profit

organisations currently extant

the growth of the non profit voluntary or third sector has been widely recognized throughout the world this text seeks to provide a definition and a common classification of the non profit sector while recognizing the great diversity of voluntarism internationally

this thesis deals with the concept and consequences of marketization in the nonprofit sector marketization describes the process of nonprofit organizations becoming more business like and is caused among other things by increased competition for scarce resources the rise of professionalism and calls for more transparency and efficiency by funders and the public research about marketization is inconclusive some researchers believe marketization can increase not only efficiency but also effectiveness of organizations while others fear that nonprofits lose their focus on a social mission the four articles presented in this thesis focus on the theoretical and practical implications of nonprofits relying more on earned income a dominant feature of marketization and nonprofits actively and passively adopting management practices and tools from the for profit sector another key characteristic of increased marketization the results show that marketization can increase the economic and social performance of an organization and when handled well and implemented through a clear strategic focus foster mission achievement particularly the focus on beneficiaries and internal processes can help organizations to better fulfill their mission a loss of focus on the mission must be feared if regulatory forces act on the organization without a simultaneous professionalization of management or if an organization focuses too much on its competitors

libby and detrick have compiled their extensive knowledge of the real issues that face our nonprofit sector to help students glean important lessons from each case it is refreshing to have such a tool to assist in the education of our future nonprofit leaders emma a powell western michigan university case studies in nonprofit management by pat libby and laura deitrick consists of original cases that are designed to teach students how to think critically hone their decision making skills and learn to apply leadership and management principles that are essential for any nonprofit professional these case studies illustrate the multifaceted nature of the nonprofit management sector and bring concepts like nonprofit leadership risk management advocacy and grant making to life

this title addresses the unique challenges of leading nonprofit organisations including a unique focus on the personal development of the nonprofit leader this important resource covers board governance motivating and evaluating employees and volunteers and meeting funding challenges

the public understandably assumes that since nonprofit organizations are established to do good the people who run them are altruistic and the laws governing nonprofits have reflected this assumption this text argues that the rules that govern how nonprofits operate are inadequate
