history geography religion and culture have bound nepal and india into an extraordinary relationship while many nepalis actively participated in india's independence movement new delhi too has played an important role in the political evolution of its landlocked northern neighbour these elements of affinity exacerbated by asymmetries in area and population are however responsible for the rancour underlying the uneven relationship many indians like most nepalis are also exasperated by the resentment this proximity has produced preconceived notions and outright prejudices have tightened this embrace of estrangement new delhi's big brother act has been stifling for many nepalis this was more pronounced when nepal got painted red with the incessant battering of the maoist rebels and was split between monarchy and republicanism this book takes an unconventional approach to india nepal relations devoid of the abstractions of the academic tomes that fill up bookshelves this volume also steers clear of the detachment of a historical account the book draws from a plethora of documents in the public record though it also relies on the author's personal experience the provocative title encapsulates the crisp message how

independent india has virtually adopted british colonial policies towards nepal by elucidating the misgivings and follies that have long constrained the relationship the book sets out to explore the inherent possibilities
