the actions of german armored forces during world war ii are well known what has not yet been recounted as accurately are the actions of the armored forces of germany s allies while it is true that their performance was generally quite secondary to what the forces of the german reich were able to afford the actions of the hungarian armored forces which not only managed to organize their own armored forces in substantial autonomy but also developed their own military industry capable of supplying weapons and equipment to their troops should be emphasized this book will thus reveal a little known page of hungary s participation in world war ii through the use of superb photographs provided by the author and his contributors this story will take the reader from the beginning of the ussr campaign and consequent conquest of large soviet territories and then end with the bloody battles to prevent the advance of the soviet and romanian counteroffensive in hungary the siege of budapest and the last battles in austrian and slovenian territory before the unconditional surrender of the army the author highlights the courage of these men and the terrible fate that would befall the hungarian armored forces when the soviet army invaded hungary

a stunning visual guide to the history and development of all types of guitars packed with detailed information and profiling everything from the legendary martin flat tops to gibson s arch tops guitars and fender s twelve string electrics the ultimate guitar sourcebook is divided by type into nine chapters each telling the full story of a major type of guitar it is sub divided geographically so the reader gets a global picture of guitar making from the united states to the far east and from europe to australia the introduction examines the development of the world s most popular instrument over the years

a veritable tour de force of eastern front armored combat replete with slashing counterattacks defending to the last man and overcoming odds mark j reardon author of victory at mortain on christmas eve 1944 the men of the iv ss panzerkorps and its two divisions the 3rd ss panzer division totenkopf and the 5th ss panzer division wiking were eagerly anticipating what the holiday would bring including presents from home and perhaps sharing a bottle of schnapps or wine with their comrades this was not to be for that very evening the corps commander ss obergruppenführer herbert otto gille received a telephone call notifying him that the 35 000 men of his corps would begin boarding express trains the following day that would take them from the relative quiet of the vistula front to the front lines in hungary hundreds of kilometers away their mission relieve budapest thus would begin the final round in the saga of the iv ss panzerkorps in hungary it would play a key role in the three attempts to raise the siege of that fateful city threatened as much by their high command as by the forces of the soviet union gille

and his troops overcame seemingly insurmountable obstacles in their attempts to rescue the city's garrison only to have their final attack called off at the last minute at that moment they were only a few kilometers away from the objective towards which they had striven for nearly a month after the relief attempt's failure sealed the fate of hundreds of thousands of hungarians and germans the only course of action remaining was to dig in and protect the hungarian oilfields as long as possible

includes literature

childhood and adolescence exile and romance socialist leader and conspirator into the international arena party leadership and arrest an extraordinary escape and a new home in austrian galicia creating a party platform from a tokyo mission to the union of active struggle building an armed force for independence the polish legions and the beginnings of world war i an emerging national leader the father of independent poland statesman and diplomat the state builder from the first years of peace to the 1926 coup the path to authoritarian rule poland in a changing world pilsudski's last year

livestock productivity is crucial for agricultural sustainability and food security facing the dual challenges of enhancing production while reducing environmental impacts and safeguarding animal welfare the exploration of natural compounds from plants and other organic sources has emerged as a promising avenue to bolster livestock production natural compounds are increasingly recognized for their potential to improve antioxidant defenses promote gut health mitigate greenhouse gas emissions and prevent diseases the transition towards utilizing natural compounds reflects a broader shift toward sustainable livestock practices that address both productivity enhancements and critical environmental and health issues this research topic aims to assemble pioneering research on the diverse array of natural compounds applicable in livestock environments with a focus on microbial agents herbal extracts spices and other organic materials this collection explores their impact on boosting productivity enhancing antioxidant capacity and managing gut microbiology recent studies underscore the benefits of integrating specific natural compounds into animal feed which notably boosts antioxidant levels thereby enhancing animal health and resistance to oxidative stress additionally the use of probiotics and prebiotics is gaining traction for improving gut health and nutrient uptake crucial for overall livestock productivity and welfare moreover some natural compounds have been shown to effectively reduce methane outputs from livestock thus contributing significantly to environmental conservation efforts
