this work brings together classical spiritual wisdom and contemporary scientific truths about work organization and leadership the author addresses issues of motivation decision making work psychology and self mastery

a million copy bestseller the fifth discipline reveals how systems thinking can transform the culture of any organisation we cannot afford to view organisations as mechanical structures where each worker is just a cog in a machine on an individual level this thinking snuffs out our curiosity and on an organisational level it inhibits us from recognising the true value of our co workers how do we instead create organisations that are living breathing and dynamic in the fifth discipline peter senge introduces the principles every organisation needs to expand its creative capacity nurture new patterns of thinking and learn collaboratively all to make the whole organisation more effective than the sum of its parts mastering the disciplines will reignite the spark of learning driven by people focused on what truly matters to them transform mere teamwork into a culture of collective creativity or macro creativity liberate team members from confining assumptions and mindsets drawing on science spiritual values psychology and case studies from leading companies like apple harley davidson and shell this bestselling business classic is the definitive guide to growth personal development and management coaching

the concept of the learning organization is one of the most popular management ideas of the last few decades since it was conceived as an idea in its own right it has been given various definitions and

meanings such that we are still faced with the question as to whether any unified understanding of what the learning organization really is can be established this handbook offers extensive reviews of both new and traditional perspectives on the concept and provides suggestions for how the learning organization can best be defined practiced studied and developed in future research with contributions from long standing scholars in the field as well as those new to the area this book aims to bridge the gap between traditional and more critical perspectives and in doing so find alternative features and angles to take the idea forward in addition to elaborating on and developing older definitions of the learning organization and suggesting updated and even new definitions the chapters also provide focused explorations on pertinent aspects of the learning organization such as ambidexterity gender inclusivity and systems thinking they also survey organizations that have made efforts towards becoming learning organizations how the learning organization can best be measured and studied and the universality of the idea itself some of the questions raised in this book are answered or at least given tentative answers while other questions are left open in this way the book has the ambition to take the learning organization an important step further whilst having no intentions to take any final step instead the intention is that others will endeavour to continue where this book stops

this volume provides a framework for examining and integrating issues pertaining to organizational leadership and helps prepare the student and professional for leading and participating in these new era organizations this volume is divided into eight parts with an overview on leadership and organizational issues for each part

this text explores the nature of ethical leadership in terms of that which is viewed as morally good that which is viewed as technically or professionally competent drawing on the authors experience in teaching researching leadership it provides a model from which practical strategies can be derived for good effective leadership

organizations report that as much as 50 of investments in is and it solutions are judged to be outright failures or deemed highly unsatisfactory information systems innovation and diffusion issues and directions reports on innovation and diffusion research and presents theory based guidelines that will increase the business value of is it investments
