although there are many studies of certain individual ancient italic groups e g the etruscans gauls and latins there is no work that takes a comprehensive view of each of them the famous and the less well known that existed in iron age and roman italy moreover many previous studies have focused only on the material evidence for these groups or on what the literary sources have to say about them this handbook is conceived of as a resource for archaeologists historians philologists and other scholars interested in finding out more about italic groups from the earliest period they are detectable early iron age in most instances down to the time when they begin to assimilate into the roman state in the late republican or early imperial period as such it will endeavor to include both archaeological and historical perspectives on each group with contributions from the best known or up and coming archaeologists and historians for these peoples and topics the language of the volume is english but scholars from around the world have contributed to it this volume covers the ancient peoples of italy more comprehensively in individual chapters and it is also distinct because it has a thematic section

a companion to the renaissance in southern italy offers readers unfamiliar with southern italy an introduction to different aspects of the fifteenth and sixteenth century history and culture of this vast and significant area of europe situated at the center of the mediterranean commonly regarded as a backward rural region untouched by the italian renaissance the essays in this volume paint a rather different picture the expert written contributions present a general survey of the most recent research on the centers of southern italy as well as insight into the ground breaking debates on wider themes such as the definition of the city continuity and discontinuity at the turn of the sixteenth century and the effects of dynastic changes from the angevin and aragonese kingdom to the spanish viceroyalty taken together they form an essential resource on an important yet all too often overlooked or misunderstood part of renaissance italy contributors giancarlo abbamonte david abulafia guido cappelli chiara de caprio bianca de divitiis fulvio delle donne teresa d'urso dinko fabris guido giglioni antonietta iacono fulvio lenzo lorenzo miletto francesco montuori pasquale palmieri eleni sakellariou francesco senatore francesco storti pierluigi terenzi carlo vecce giuliana vitale and andrea zezza

the growing influence of russia on the western far right has been much discussed in the media recently this book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between russian actors and western far right activists publicists ideologues and politicians the author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary russia in terms of its relationship with the western far right initial contacts between russian political actors and western far right activists were established in the early 1990s but these contacts were low profile as moscow has become more anti western these contacts have become more intense and have operated at a higher level the book shows that the russian establishment was first interested in using the western far right to legitimise moscow's politics and actions both domestically and internationally but more recently moscow has begun to support particular far right political forces to gain leverage on european politics and undermine the liberal democratic consensus in the west contributing to ongoing scholarly debates about russia's role in the world its strategies aimed at securing legitimisation of putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the west this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas

in the aftermath of the last financial crisis on both sides of the atlantic banking supervisors were given new supervisory and enforcement powers which are often of a substantially punitive criminal nature in europe in particular the establishment of the single supervisory mechanism within the european central bank substantially increased centralised investigatory and sanctioning powers this major innovation together with the development of forms of real time monitoring of banking often digital records challenges traditional banking criminal investigations in their national based and analogue dimension the book offers a comprehensive account and perspective analysis of the interactions between the criminal and administrative nature of such new powers highlighting their punitive overall nature and their impact on fundamental rights covering both the us and the eu regulatory frameworks it presents unprecedented trans systemic research between criminal law and procedure and between regulatory and administrative law at the international european and national level the book also includes a rich and detailed selection of case law from the us and the european supreme courts with a specific focus on cjeu and ecthr decisions

the late roman republic was characterized by severe crises ranging from the time of the gracchi to the battle of actium and finally ending with the principate of augustus individual military leaders such as marius sulla and pompey acquired so much power that the internal cohesion of the republic was shattered the roman state descended into civil war by drawing upon a range of case studies from monumental building to public dining dominik maschek demonstrates that the harsh realities and disruptions of civil war were intimately bound up with growing wealth and prosperity on the one hand they were fueled by the increasing complexity of urban life and conspicuous consumption which gave rise to greed and violent appropriation on the other hand by the forceful and premature promotion of new controlling generations they also played a vital role in conditioning the worldviews and socio cultural norms that regulated the use of material culture drawing upon the latest advances in roman archaeology and history dominik maschek uses buildings and images as well as rituals and acts of state to analyze these structural underpinnings and the impact of the late republican civil wars and for the first time offers an overall interpretation of their cultural history

new sensory approaches to the past assembles a series of research projects investigating cultural environments through the lens of the senses the book presents the latest approaches to sensory archaeology and heritage research that aim to understand the lived experience of past inhabitants interdisciplinary case studies carry out investigations in three different registers personal and embodied teamwork and collective responses to the historical environment and digital reconstruction an international cast of contributors includes archaeologists architects sociolinguists military experts cultural studies scholars and acoustics specialists with research sites spanning palaeolithic rock art to a 1960s north american fairground descriptions and analyses of sensory in situ investigations offer methodological transparency with the visual analysis that is common in archaeology and heritage
