this volume provides enough information about each story in the gospel of mark and about the gospel as a whole in order to afford an informed understanding of the gospel the evangelist was not writing a book for submission to a committee for inclusion in the christian bible rather he was collecting existing oral and written tradition into a coherent narrative to promote for his own christian community an understanding of the good news of jesus the messiah the church to which the evangelist was writing probably in antioch of syria was likely already familiar with many of the stories from the church s evolving liturgy christians gathered in people s homes there were no churches as we understand that word as a specific building for christian worship it was in such gatherings in homes that stories were told perhaps as the basis for a message delivered by an elder of the church such stories illustrated some truth about jesus or addressed an issue of importance to the church in other words these individual stories were developed to serve the needs of the christian community historical accuracy was not a concern of the evangelist proclaiming jesus as messiah was his primary purpose

the purpose of this dictionary is to give an account of everything that relates to christ his person life work and teaching it is in a sense complementary to the dictionary of the bible in which of course christ has a great place but a dictionary of the bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of christ sufficient for the needs of the preacher to whom christ is everything this is first of all a preacher s dictionary the authors

of the articles have been carefully chosen from among those scholars who are or have been themselves preachers and even when the articles have the same titles as articles in the dictionary of the bible they are written by new men and from a new standpoint it is thus a work which is quite distinct from and altogether independent of the dictionary of the bible it is called a dictionary of christ and the gospels because it includes everything that the gospels contain whether directly related to christ or not its range however is far greater than that of the gospels it seeks to cover all that relates to christ throughout the bible and in the life and literature of the world there will be articles on the patristic estimate of jesus the medieval estimate the reformation and modern estimates there will be articles on christ in the jewish writings and in the muslim literature much attention has been given to modern thought whether christian or anti christian every aspect of modern life in so far as it touches or is touched by christ is described under its proper title james hastings 1852 1922 was a distinguished scholar and pastor he was founder and editor of the expository times and is also well known for editing the five volume dictionary of the bible as well as the encyclopaedia of religion and ethics the dictionary of christ and the gospels and the dictionary of the apostolic church

recent monographs on johannine signs tend to focus on a single sign other studies that examine multiple signs mainly focus on the first half of john s gospel in christian circles most preachers and believers remain preoccupied by the traditional view that john s gospel contains only seven signs however what constitutes a sign for john and how signs function to achieve the purpose of the gospel john 20 30 31 is far from settled three features of this book explore important clues for solving this puzzle 1 a fresh hypothesis that jesus s signs correspond to the four tabernacle signs a pot of manna aaron s staff the bronze altar cover and the bronze serpent which makes sense given the tabernacle temple theme of john s gospel 2 a complete study that examines johannine signs in the whole gospel systematically to reveal how signs develop the book s purpose and 3 an adaptation of a sociolinguistic theory to examine the corresponding texts of the old testament and new testament in light of how language functions in a social event the author will show how jesus s signs fulfill the functions of the four tabernacle signs and how jesus s crucifixion is the all inclusive sign in witnessing to his identity
