el propósito de este libro es fundamentalmente dar esperanza a aquéllos que atraviesan por la misma situación que una vez vivió la autora darielys tejera pretende además sacar a la luz una historia con la cual el lector pueda identificarse y crear una conciencia entre los demás de que el suicidio sí ocurre y que cuando ocurre la víctima nunca está sola porque hay muchos que pasan por lo mismo a algunos se les dan talentos mientras que otros tienen que encontrar por sí solos su razón de ser mis talentos los descubrí mi razón de ser la tuve que buscar hasta que la encontré mi razón de ser era y es ayudar a otros por eso decidí escribir este libro creo que todos estamos en este mundo para en un momento u otro de una manera o otra salvar a alguien aunque no siempre tengamos conciencia de ello

los sistemas pedagógicos continúan en crisis una crisis humana que amenaza con nunca acabar en esta obra se argumenta que una de las razones principales de las crisis educativas se debe a que los procesos pedagógicos han centrado la atención en el desarrollo cognoscitivo principalmente y han dejado de lado al cuerpo y sus emociones la pedagogía de lo corporal propuesta por el dr sergio lópez ramos muestra un camino esperanzador y encausa a la educación al aprendizaje por medio del cuerpo concibiéndolo como un espacio en donde el individuo tiene posibilidades de construir nuevas formas de vivir en armonía consigo mismo y con los otros para que el ser humano alcance una mejor calidad de vida en esta época global y postmoderna la autora incursiona en la pedagogía de lo corporal del dr lópez ramos con la metodología de historia de las ideas y logra exponer la propuesta de abrigar una nueva epistemología del cuerpo y las emociones en los procesos educativos

this book argues that the quest for god though largely unheeded by the critical canon was a major and enduring preoccupation for borges this is shown through careful analysis both of his essays with their emphasis on his philosophical theological explorations and of the narrative articulations which are his stories it is in the poetry of his middle and closing years however that borges search is most manifest as it is no longer obscured spanning different periods of his life and different literary genres borges work attests to a maturing and evolving quest the book reveals borges engagement as an active and evolving

process and its chronological structure allows the reader to trace his thought over time flynn shows that the spiritual component in borges writing drives key texts from the 1920s to the 1980s offering an interpretation that unlocks a fuller significance of his work she shows how borges reflections on time and identity are symptomatic of a deeper spiritual searching which can only be answered by a divine absolute

tracing heated exchanges between spanish and latin american intellectuals that took place in journals magazines and newspapers in the early twentieth century defining and defying borders details how borders and boundaries were contested within a medium that simultaneously crossed borders and defined boundaries vanessa marie fernández demonstrates that print media is an invaluable resource for scholars because it offers a nuanced perspective of the complex postcolonial relationship between spain and latin america that shaped aesthetic production within and beyond national boundaries presenting inclusive paradigms that are at once able to transcend borders acknowledge national boundaries and account for empire defining and defying borders illustrates that investigating journals magazines and newspapers is crucial to better understanding postcolonial literary and cultural production
