el vocablo ley ha sido a menudo citado en sentido deprimente y despectivo considerándo la ley como un yugo inaguantable o un código arcaico y fuera de uso el liberalismo religioso ha querido verla abolida o por lo menos reducida en sus pre ceptos y demandas ello está a tono con la naturaleza humana en discordia con el espíritu divino pero jesucristo nunca la dio por obsoleta y sus discípulos la integraron en la esencia de su ense□anza un estudio sobrio detenido puede revelarnos el lado positivo y benevolente de la ley amada por judíos y cristianos así como su relación armónica con la función de la gracia divina ello nos permitirá ver también los usos erróneos y los malentendidos teológicos a que la ley ha sido sometida así como su verdadera misión dentro del campo de la ética cristiana la moral práctica y la legislación universal

the legacy of late medieval franciscan thought is uncontested for generations the influence of late 13th and 14th century franciscans on the development of modern thought has been celebrated by some and loathed by others however the legacy of early franciscan thought as it developed in the first generation of franciscan thinkers who worked at the recently founded university of paris in the first half of the 13th century is a virtually foreign concept in the relevant scholarship the reason for this is that early franciscans are widely regarded as mere codifiers and perpetrators of the earlier medieval largely augustinian tradition from which later franciscans supposedly departed in this study leading scholars of both periods in the franciscan intellectual tradition join forces to highlight the continuity between early and late franciscan thinkers which is often overlooked by those who emphasize their discrepancies in terms of methodology and sources at the same time the contributors seek to paint a more nuanced picture of the tradition s legacy to western thought highlighting aspects of it that were passed down for generations to follow as well as the extremely different contexts and ends for which originally franciscan ideas came to be employed in later medieval and modern thought

the essays brought together in this volume were developed from conference papers presented at an international symposium entitled the jews of spain and the expulsion of 1492 held at the university of southern california in april 1992 from p xi
