la tercera edad de oro de la ficción televisiva ha favorecido la proliferación de series de gran despliegue técnico y a la vez de narrativas que describen la intimidad y la rutina cotidiana de los protagonistas son obras que nos presentan personajes alejados de la heroicidad

representados a menudo dentro del espacio doméstico que ha pasado a ser un lugar clave para la descripción y evolución de los personajes partiendo de la premisa que la ficción televisiva desarrolla una clara función de referencia y legitimación social creando estereotipos y modelos en los que los espectadores se identifican este libro analiza veinte de las series contemporáneas más populares reflexionando sobre el rol paternal y maternal de sus protagonistas en algunas series se encuentran ejemplos que se alejan de la descripción de la familia patriarcal convencional destacamos así la pluralidad de discursos que se están ofreciendo aunque también observamos que muchas de ellas a pesar de un envoltorio transgresor siguen reproduciendo roles que alimentan los valores familiares tradicionales

roberto bolaño 1953 2003 stands out among recent latin american writers because of his unique combination of critical acclaim popularity and literary significance queer exposures analyzes two central but understudied topics in bolaño s fiction and poetry sexuality and photography moving beyond a consideration of how his texts represent these topics ryan f long demonstrates that when considered in tandem they form the basis for a new innovative and critical approach emphasizing the processes of exposure associated with photography and sexuality especially queer sexuality provides readers and scholars with a versatile method for comprehending bolaño s constellation of texts with close readings of a broad range of texts from poetry written just after his arrival in spain in the late 1970s to his posthumously published novels queer exposures concludes that an emphasis on sexuality and photography is essential for understanding how bolaño s texts function in dialogue with one another to elucidate and critique the interrelations of writing visual representation and power

this is one of the first books to trace the development of roberto bolaño s work from the beginning to the end of his career it will appeal to graduates and researchers working on bolaño and latin american literature generally particularly the novel and twentieth and twenty first century literature

postmodernism of resistance in roberto bolaño s fiction and poetry examines the ways in which bolaño employs a type of literary aesthetics that subverts traits traditionally associated with postmodernism pastén b coins these aesthetics postmodernism of resistance and argues that this resistance stands in direct opposition to critical discourses that construe the presence of hopeless characters and marginal settings in bolaño s works as signs of the

writer's disillusionment with the political as a consequence of the defeat of the left in Latin America rather he contends Bolaño creates a fictional world comprised of characters and situations that paradoxically refuse to accept defeat even while displaying the scars of terrible historical events in this work. Pastén challenges some critical assumptions about Bolaño's fiction and poetry that led to decontextualized interpretations of his work and offers a singularly comprehensive investigation that synthesizes multiple perspectives of a complicated author into one text.
