environmental translation studies has gained momentum in recent years as a new area of research underscored by the need to communicate environmental concerns and studies across cultures the dissemination of translated materials on environmental protection and sustainable development has played an instrumental role in transforming local culture and societies this edited book represents an important effort to advance environmental studies by introducing the latest research on environmental translation and cross cultural communication part i of the book presents the newest research on multilingual environmental resource development based at leading research institutes in europe latin america north america and the asia pacific part ii offers original thought provoking linguistic textual and cultural analyses of environmental issues in genres as diverse as literature nature based tourism promotion environmental marketing environmental documentary and children s reading chapters in this book represent original research authored by established and mid career academics in translation studies computer science linguistics and environmental studies around the world the collection provides engaging reading and references on environmental translation and communication to a wide audience across academia

drawing on work from both eminent and emerging scholars in translation and interpreting studies this collection offers a critical reflection on current methodological practices in these fields toward strengthening the theoretical and empirical ties between them methodological and technological advances have pushed these respective areas of study forward in the last few decades but advanced tools such as eye tracking and keystroke logging and insights from their use have often remained in

isolation and not shared across disciplines this volume explores empirical and theoretical challenges across these areas and the subsequent methodologies implemented to address them and how they might be mutually applied across translation and interpreting studies but also brought together toward a coherent empirical theory of translation and interpreting studies organized around three key themes target text orientedness source text orientedness and translator interpreter orientedness the book takes stock of both studies of translation and interpreting corpora and processes in an effort to answer such key questions including how do written translation and interpreting relate to each other how do technological advances in these fields shape process and product what would an empirical theory of translation and interpreting studies look like taken together the collection showcases the possibilities of further dialogue around methodological practices in translation and interpreting studies and will be of interest to students and scholars in these fields

this book describes interdisciplinary exploration of matters related to the translation and interpreting of legal texts translation of legal texts has grown exponentially since the beginning of new millennium in response to the fast increasing volume of international trade and business as well as all sorts of other transnational activities in a myriad of spheres international trade demands translation of trade laws and business contracts immigration leads to rise in court interpreting services and countries may seek to enhance their international influence through translating and making known to the world their laws and or other legal documents these legal translation activities occurred mostly between languages officially used in international or regional organizations such as the united nations and the european union and between the languages of major countries who exert or seek influence on international economy and law on the other hand rapid advances in computer technology and artificial intelligence in recent years have also brought about changes in the practices of legal translation with changes also come problems in both theory and practice that merit our immediate attention this edited volume highlights the newest developments in the theory practice and training of legal translation with contributions from international leading researchers in this area it will be a standard reference for anyone who is to embark on research and practice of legal translation in the twenty first century it is

also adaptable as teaching materials for translation and interpreting training chapter translating legal terms at international organisations do institutional term banks meet translators needs is available open access under a creative commons attribution 4 0 international license via link [springer.com](http://springer.com)

this is a comprehensive guidebook to the quantitative methods needed for corpus based translation studies cbts it provides a systematic description of the various statistical tests used in corpus linguistics which can be used in translation research in part 1 theoretical explorations the interplay between quantitative and qualitative methodologies is explored part 2 essential corpus studies describes how to undertake quantitative studies with a suitable level of technical and relevant case studies part 3 quantitative explorations of literary translations looks at translations of classic works by cao xueqin james joyce and other authors finally part 4 on translation lexis uses a variety of techniques new to translation studies including multivariate analysis and game theory this book is aimed at students and researchers of corpus linguistics translation studies and quantitative linguistics it will significantly advance current translation studies in terms of methodological innovation and will fill in an important gap in the development of quantitative methods for interdisciplinary translation studies
