the workplace in the 21st century is technological and multi cultural work is often accomplished in teams this work provides students with an up to date knowledge based that will enable them to apply the principles of i o psychology to themselves supervisors subordinates and fellow workers

this title is endorsed by cambridge assessment international education to support option b for examination from 2024 new edition to match the revised cambridge igcsetm igcse 9 1 and o level syllabuses 0470 0977 2147 rely on author ben walsh s bestselling approach to navigate through the syllabus content and help students acquire the skills they need the book covers all the key questions and focus points for core content option b the 20th century international relations since 1919 and selected depth studies germany 1918 45 russia 1905 41 the usa 1919 41 deepen understanding through clear and engaging text to build the content knowledge required by the course develop analytical skills through carefully designed focus tasks on all the focus points or key questions from the syllabus get a feel for the period and the issues through abundant source material that also ensures regular practice of source evaluation skills remember historical facts better through memorable diagrams and timelines consolidate learning with focus on features suggesting

how to tackle exam style questions

since it was first published in 1993 the sourcebook for research in music has become an invaluable resource in musical scholarship the balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians the introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in german french and italian and the plan of the library of congress and the dewey decimal music classification systems integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology these enhancements to its already extensive bibliographies ensures that the sourcebook will continue to be an indispensable reference for years to come

the fourth edition of criminal justice technology in the 21st century comes just about five years after the covid 19 pandemic when technology took a more prominent role in our everyday lives and more importantly in the criminal justice system ideas that once were mere thoughts from academics pondering the future have become everyday realities while most areas of life came to a standstill as the pandemic ensued the criminal justice system could not stop crime adapts more seamlessly than other aspects of society and as such the criminal justice system needed to adapt as well the contributing authors were asked to consider the pandemic and its impact on evolving technology and advancements to address crime likewise other societal concerns focusing on law enforcement and its questionable use of force at times have escalated the need for technology to ensure that over policing in minority neighborhoods and accountability is established or not to deescalate violence whether police brutality or protester police violence the impact of technology remains to be seen but there is real hope that such technology can begin to shed light on what is happening in these volatile situations either the current contributors have updated their chapters from the third edition or there are new contributors focusing on the abovementioned issues this fourth edition with more than 20 contributors highlights the most current thinking about criminal justice technology the book is longer than the previous editions but has fewer chapters this is the result of paring down what is included in this new edition the hope is that these chapters will be the most relevant and useful to both the expert and the neophyte criminal justice technology will continue to advance and we must keep abreast of new trends

confederation may have established Canada's nationhood in 1867 but the relationships framing Canada's modern existence go back much further employing a unique socio-historical perspective Canadian Society in the Twenty-First Century examines three formative relationships that have shaped the country Canada and Quebec Canada and the United States and Canada and Indigenous Nations Now In its fourth edition this engaging text offers students an overview of Canadian society through a series of connections rather than a collection of statistics Trevor W. Harrison and John W. Friesen weave together complex aspects of the nation's economic political and socio-cultural development they guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades reflecting the most current scholarship in the field this revised edition features new discussions on issues such as the current crisis of neo-liberal globalization Canada's petroleum industry global warming the Wet Suwet'en dispute in 2020 and the COVID-19 pandemic exploring the unique character of Canada today this text is a vibrant resource for sociology courses on Canadian society as well as courses in Canadian studies and Canadian history

This book offers a detailed investigation of naval diplomacy past and present and challenges the widely accepted Anglo-American school of sea power thought despite the acknowledgement of the importance of the threat or use of force in the pursuit of policy since the dawn of strategic thought the utility of seapower in operations other than war is poorly understood and articulated theorists have invariably viewed seapower in peacetime through the lens of hard power effects such as coercion and deterrence commentaries on engagement interoperability and the forging of friendships are largely conspicuous by their absence this book considers how all these strands of international politics can be better understood for use in the 21st century the book explains and defines naval diplomacy with existing theoretical frameworks being critically analysed it reviews over 500 incidents from the post-cold war era drawing on this empirical evidence to determine that naval diplomacy remains a potent means of 21st century statecraft it finds that existing understanding of naval diplomacy is insufficient and offers an alternative model drawing on basic communication and stakeholder theories the implications of the book relate directly to national security naval deployments could be more effectively targeted foreign activity at sea could be better understood and if necessary countered finally the ability of non-state actors to support national interests from the sea could potentially be better harnessed this book will be of much interest to students of naval power maritime security strategic studies and international relations

authors franklin and hein have witnessed firsthand difficulties experienced in some black communities they use their knowledge to analyze and discuss the interactions between american policing a subculture of the black community and the blm movement the authors wrote this book not because of attacks on police officers but because of overzealous actions by officers to shoot black men it describes how blue on black shootings along with police tactics sometimes cause intense citizen responses through public statements outbursts and demonstrations it begins with an examination of the differences between the black and white communities how the same incident can be viewed from two different perspectives and how a discussion can be perceived unbiased by one but biased and unjust by another because of civil rights efforts american policing is going through a transformation a change in policing tactics must be met with a re evaluation of some cultural norms by the black community they also discuss the lack of support by blacks shown to other blacks when there is an impression of being not black enough the authors believe in political correctness but also believe that political correctness is harming the black community because well recognized negative issues in some communities are not being addressed to avoid criticism of black culture in the final chapter the authors discuss the failure of black leadership to make any earnest effort to rescue a wanting black subculture from itself finally the authors believe that american policing understands its 21st century obligations and is taking steps to meet them

since the middle of the nineteenth century iranian intellectuals have been preoccupied by issues of political and social reform iran s relation with the modern west and autocracy or arbitrary rule drawing from a close reading of a broad array of primary sources this book offers a thematic account of the iranian intelligentsia from the constitutional movement of 1905 to the post 1979 revolution ali gheissari shows how in iran as in many other countries intellectuals have been the prime mediators between the forces of tradition and modernity and have contributed significantly to the formation of the modern iranian self image his analysis of intellectuals response to a number of fundamental questions such as nationalism identity and the relation between islam and modern politics sheds new light on the factors that led to the iranian revolution the twentieth century s first major departure from western political ideals and helps explain the complexities surrounding the reception of western ideologies in the middle east

this book investigates how bishops deployed reward and punishment to control their administrative subordinates in thirteenth century england bishops had few effective avenues available to them for disciplining their clerks and rarely pursued them preferring to secure their service and loyalty through rewards the chief reward was the benefice

often granted for life episcopal administrators security of tenure in these benefices however made them free agents allowing them to transfer from diocese to diocese or even leave administration altogether they did not constitute a standing episcopal civil service this tenuous bureaucratic relationship made the personal relationship between bishop and clerk more important ultimately many bishops communicated in terms of friendship with their administrators who responded with expressions of devotion michael burger s study brings together ecclesiastical social legal and cultural history producing the first synoptic study of thirteenth century english diocesan administration in decades his research provides an ecclesiastical counterpoint to numerous studies of bastard feudalism in secular contexts

this book provides a general orientation for survival using the author s everyone goes home approach as in previous editions to keep the police officer safe and secure it details the specifics the intelligent police professional must master in order to survive the many types of risky situations he will be exposed to over a career the book is painstakingly thorough in its approach to officer survival in an era where peacekeepers are required to be highly transparent and accountable in all their actions every use of force by a law enforcement officer will be closely scrutinized this is one reason why it is important that today s officer has access to every viable tactic and technique that may prevent the need for force in the first place the book details everything from searching an arrested individual to searching a building arresting a 300 pound outlaw biker to a surly teenager techniques and strategies discussed in the book include personal preparation for risk reduction vehicle stops and contacts defusing disturbances domestic violence burglaries and structure searching barricades and hostage takers vehicle pursuits ambush attacks emotionally disturbed and mentally ill persons prisoner control and transport terrorist threats off duty confrontations and reducing the emotional risks involved at the end of each vital chapter a quick and concise risk reduction checklist is presented these chapter summaries are excellent for review and merit rereading by the police professional intent on surviving to a healthy retirement an appendix has been included containing informative accounts of police deaths culled from the law enforcement officers killed and assaulted report put together by the federal bureau of investigation other accounts are also found at the end of each chapter each one makes a point by way of grim example yet every tragedy described can help save the life of an alert police officer who might otherwise become one more statistic this unique and comprehensive text will be invaluable to all law enforcement professionals investigators policymakers and police academics

whether you are just pondering if you should go for the gold or are already radar locked

on getting there this book making sergeant is for you written by a veteran police chief with over 50 years of law enforcement experience 15 of them spent as a sergeant it contains practical advice for 1 deciding on whether you are ready for the job and 2 getting it and succeeding at it if you are short on theory and long on pragmatic advice the text also will help the already promoted supervisor successfully meet the challenges of this complex but vital position as most law enforcement agency ceos will acknowledge first line supervisor or sergeant is often the single most important position in the police organization without the best efforts of the highly competent man or woman wearing the stripes the organization is destined to flounder in relative ineffectiveness in the worst case scenario the agency may fail in other words the sergeant has got to get it right this book will help you decide if you want to be that sergeant if you do it will help you be him or her if at least at this stage of your career you decide that the answer is no that s fine too there is not a law enforcement agency anywhere that has enough talented first line officers your goals may change later but if you choose to go for it the tips contained in this book will help you get there if you are already a supervisor making sergeant will help you get better at what you are already doing
