reprint of the original first published in 1882

shapes and geometry are fundamental to the world of art yet they often go unnoticed this book delves into the relationship between geometry and creative expression exploring how shapes are used to convey meaning structure and emotion in art from the simple elegance of circles and squares to the complexity of fractals this book explores how artists of all mediums from painting to sculpture use geometry to enhance their work whether you re an artist a student or an art lover this book will deepen your understanding of the mathematical beauty behind creative expression

this study provides a new interpretation of art after modernism by foregrounding the importance of conceptual thinking as a pervasive force for change in art and art history since 1950 robert bailey shows how distinctions between art and art history gave way as conceptual thinking provided artists and art historians with a common means to reassess what art could be and do in the world bailey assesses the results of artful and scholarly inquiries combining creative activity with intellectual rigor to proffer new approaches to a variety of social and environmental concerns ranging from questions about human identity including race class gender and sexuality to activist efforts to redress everything from abortion access to migrants rights to climate change this book provides both a historical overview of these developments and close analyses of key works and texts spanning 1950 to the present and encompassing broad geographic scope with special attention paid to indigenous art the book will be of interest to scholars working in art history and contemporary art

a companion to the archaeology of rock art cambridge 1998 this new collection edited by christopher chippindale and george nash

addresses the most important component around the rock art panel its landscape the figured landscapes of rock art draws together the work of many well known scholars from key regions of the world for rock art and for rock art research it provides a unique broad and varied insight into the arrangement location and structure of rock art and its place within the landscapes of ancient worlds as ancient people experienced them packed with illustrations as befits a book about images the figured landscapes of rock art offers a visual as well as a literary key to the understanding of this most lovely and alluring of archaeological traces

take any form you choose and repeat it at regular intervals and just as repetitive sounds produce rhythm or cadence you have pattern however the use of pattern in design is no haphazard matter but a disciplined activity in which the artists must impose a pleasing order and structure on the whole to achieve an aesthetically satisfying end product this classic guide revised and expanded by amor fenn three decades after its publication teaches artists to do just that surveying a multitude of applications from architectural detail to decorative textile printing and typographic patterns day provides insight into the geometric foundations of all repeating patterns and treats in a practical way the anatomy planning and evolution of repeated ornament he demonstrates the extent to which pattern is the essence of the ornamental arts and offers a wealth of technical information for the student and designer generously illustrated with more than 270 designs ranging from old japanese persian and arabian patterns to early 20th century motifs pattern design will stimulate the imaginations and advance the skills of novices and experts alike

twentieth century pattern design combines photographs including many newly published images with soundly researched text creating an essential resource for enthusiasts and historians of modern design the book also serves as a creative sourcebook for students and designers inspiring new flights of fancy in pattern design jacket

imperfect fit is a dynamic study of the relationships between modern art and avant garde poetry from the 1950s to the present that provides fascinating glimpses into both allen fisher s remarkable work as a poet painter and critic as well as the state of avant garde

aesthetics as a whole
