an accessible and lively introduction to the field law justice and society a sociolegal introduction sixth edition explores the relationship between legal systems and other social institutions using a distinctive sociological point of view anthony walsh craig hemmens and marianne hudson provide detailed discussions of the various ways in which law impacts people based on race class gender and age while also introducing students to the origins of the law the history and development of the american legal system the sociology of law court structure and the difference between civil and criminal law

this sociolegal study focuses on the political legal and institutional problems and dilemmas of regulating land tenure by studying the development of the timorese formal land tenure system this book engages in the larger debate about the role of state systems in addressing and aggravating social problems such as insecurity poverty inequality destruction of nature and cultural and social estrangement land tenure issues in timor leste are complex and deeply shaped by the nation s history taking an insider s perspective based on the author s experience in timorese state administration and through the investigation of five analytical themes political environment lawmaking legal framework institutional framework and social relationships and practices this book studies the development of the timorese formal land tenure system from independence in 2002 to 2018 it shows how political legal and administrative decisions on land administration are made what and who influences them which problems and dilemmas emerge and how the formal system works in practice the result is a portrait of a young nation grappling with the enormous task of creating a land tenure system that can address the needs of its citizens in the wake of centuries of socio political tumult and huge fluctuations in resources the book concludes by highlighting the importance of lawmaking and how abuses of power can be curbed by adequate administrative processes and laws finally it argues that land administration is primarily a political matter the political dimension of

technical solutions must be considered if we aim to achieve fairer formal land tenure systems the pertinence of the topics covered the multi disciplinary perspective and the research methodology followed make this book appealing to a variety of readers including international organizations practitioners academics and students engaged in land administration post colonial and conflict issues lawmaking rule of law public administration and issues of access and exclusion

in this special issue socio legal scientists with interdisciplinary backgrounds scrutinize the applicability of the notion of cultural expertise in europe and the rest of the world cases include murder female genital mutilation earthquake claims islamic law underage marriages child custody adoption land rights and asylum

anthony walsh bridges the divide separating sociology from biology a divide created in the late nineteenth century when sociology emerged from the fields of social theory and philosophy walsh focuses on the viewpoint held by former american sociological association president douglas massey sociologists have allowed the fact that we are social beings to obscure the biological foundations upon which our behavior ultimately rests walsh argues that sociology has nothing to fear and a wealth of riches to gain if it pays attention to the theories concepts and methodologies of the biological sciences both study the same phenomena beginning with an examination of the reasons why we need a biosocial approach walsh explores sociology s traditional taboo concepts reductionism essentialism etc and how those concepts are viewed in the natural sciences throughout the work the author introduces relevant concepts from genetics and the neurosciences using examples that will appeal to all sociologists later chapters apply his introductory arguments to traditional substantive sociological issues such as culture crime gender socialization social class and the family this book will be essential to all sociologists evolutionary biologists and scholars interested in the history of this important divide between the fields and where it currently stands

anthony walsh and cody jorgensen s criminology the essentials introduces students to major theoretical perspectives and topics in a concise easy to read format this straightforward overview of key subject areas

in criminology thoroughly covers the most up to date advances in theory and research while challenging students to consider the applications of these theories and their policy implications the fourth edition includes new topics events and developments in criminology

this volume brings together for the first time a collection of readings in administrative law which approaches the subject from a socio legal perspective the extended introduction gives an accurate description of the socio legal work in administrative law and sketches an analytical framework within which such work should be understood it brings out the strengths and achievements of socio legal research in the field while showing where work might usefully be done in the future

although most law schools recognise the value of introducing students to a broader sociological perspective on law this usually falls short of a full engagement with sociology as an academic discipline this book introduces a wide range of sociological traditions and how they can be used in investigating law and legal institutions the book is organised into six sections each with an introduction by the editors on classical sociology of law structural functionalism and systems theory critical approaches interpretive approaches postmodernism and pluralism and globalisation and a conclusion that discusses the relationship between law and sociology each of the chapters is written by a specialist who reviews the literature and discusses how the approach can be used in researching different topics contents introduction reza banakar and max travers 1 classical sociology and law the problematization of law in classical social theory alan hunt sociological jurisprudence reza banakar 2 structural functionalism and systems theory the thick description of law an introduction to niklas luhmann s theory klaus a ziegert jurgen habermas and the sociology of law bo carlsson 3 critical approaches marxism and the social theory of law robert fine sharing the paradigms cls and the sociology of law jiri priban feminist legal theory ruth fletcher a race and gendered organisational logic in law firms jennifer pierce putting gender and sexuality on the agenda nico j beger the power of the legal field mikael r madsen and yves dezalay 4 interpretive approaches symbolic interactionism and law max travers ethnomethodology and law robert dingwall 5 postmodernism foucault and law gary wickham postmodernism and common law shaun mcveigh 6 legal pluralism anne griffiths globalisation and law john flood comparative sociology of law david nelken
