today's military problems require today's solution and this also applies to military leadership development through presentation of theoretical frameworks case studies and applied research we can see how the militaries of various imla international military leadership association member nations prepare their current and future generations of military leaders to lead their soldiers in uncharted terrain coping with complexity in an interlinked world this book will contribute to a more thorough understanding of how military organizations in various parts of the world cope with the challenges of preparing their future leaders for challenges that are very different from the previous generations p v

no one man can win a battle by himself but battles have been won and lost because of the strength or failings of one individual the leader what went on in the minds and hearts of a select group of military leaders at critical moments in battle is the theme of this book in leaders and battles w j wood re creates ten battles from history depicting the action in vivid detail the brilliant formations charging horses clanking bayonets the point of view is always that of the commanding officer the particular quality of leadership that won or lost

the encounter is very clear for mad anthony wayne at stony point it was courage that won the day for scipio africanus at ilipa it was imagination custer s judgment at the little big horn was definitely in question when the french stormed ratisbon it was the inspiration of lannes that broke the impasse at the battle of bushy run bouquet could never have outwitted pontiac had he lacked flexibility the dynamics of battle as well as the strategy and tactics involved are equally well demonstrated though the means of fighting varied as much as the time and the civilizations involved the lessons learned are just as applicable today men no longer fight with drawn swords make barricades out of mealie bags or use a swarm of bees as a weapon but that is part of this book s fascination leaders and battles is a remarkable retelling of fighting engagements for the armchair strategist the leader in training the history buff and the general reader it will take time before the major wars and low intensity skirmishes of this century can be written about with the historical detachment and understanding that the author displays here in the meantime we can all profit from these lessons of history

this book provides an eclectic and meta analytic study on the factors affecting military leadership and its components taking into account both current and future security paradigms the contemporary security environment is characterized by an increase in the number of wars and more human induced problems than ever before the first duty of armies today is generally the establishment of security today s battles are carried out in a vague and flexible warfare environment which can be transformed rapidly for this reason military leaders need to be more versatile with rapid decision making capacities in order to realize their duties they have to focus more on the quality of their military leadership which is critical to the establishment of secure and peaceful environments today high level army commanders have to behave more like diplomats intellectuals and academics than ever before

the contemporary security environment is characterized by an increase in complexity shifting dynamics and a rising number of wars being carried out in a vague and flexible warfare environment naturally this requires military leaders to adapt more rapidly to the challenges than ever before today army commanders have to behave more like diplomats intellectuals academics and technicians in this respect this book provides an eclectic and analytic conceptional study regarding military leadership and its components and dynamics this work on the phenomenon of military leadership is a valuable original reference book for academics scientists students and professional members of the armed forces as well as for anyone else interested in personal development issues this second edition includes two new chapters on the basic leadership requirements that today s leaders are expected to possess and from authoritarian to authentic military leadership and updated versions of many chapters from the first edition

a leader military political or in any other profession is inevitably a lonely person and yet a successful leader especially in the military profession must be a very sensitive person to be able to lead successfully through the motivation dedication and loyalty of those he leads in the military profession of course this acquires even greater salience since the profession at one level demands a willingness and readiness to make the supreme sacrifice and at another involves victory or defeat of the country that nurtures its military power we need strategists at all levels and the chiefs of the armed forces of 2040 are already in active service they would have to provide military professional advice to the political leadership at crucial times under enormous uncertainties where actionable intelligence would not be available and their own knowledge and experience would have to guide them this volume brings together eminent experts well versed in the theory and practice of leadership and the knowledge that needs to be available to them the issues explored in this volume are equally applicable to other professions especially in the corporate world

this is a new release of the original 1943 edition

summary it has been often said that military leaders are born not made however this paper will demonstrate that all soldiers can become leaders provided they have the desire to lead the dedication to practice leadership skills and the proper guidance in leadership techniques

as a leader you know that developing leaders is crucial to your team's success you also know that when life gets busy meaningful leader development activities take a back seat to the swarm of everyday tasks who has time to discuss let alone research and refine quality content that will make a real difference andrew steadman has lived this frustration and wrote the military leader to give leaders straightforward highly relevant inspirational leader development insight they can use to grow themselves and their teams the military leader is your leader development program when you don't have time for one

the fourth edition of this classic text continues its popular interdisciplinary approach to the topic of leadership by examining the elements of military leadership from the perspective of contributors in the fields of history business religion politics and education the fourth edition presents a broad spectrum of ideas and perspectives relating to military leadership in the current environment it includes multinational views reflecting the global military stage this new edition synthesizes classic pieces from the second and third editions with contemporary readings to provide the reader with important insights into the concepts of military leadership throughout the vagaries of regional conflict and maintenance of peace the resulting synthesis stimulates the reader to understand the complex dynamics of effective leadership in the context of military history values and culture

this book provides an eclectic and meta-analytic study on the factors affecting military leadership and its components taking into account both current and future security paradigms the contemporary security environment is characterized by an increase in the number of wars and more human-induced problems than ever before the first duty of armies today is generally the establishment of security today's battles are carried out in a vague and flexible warfare environment which can be transformed rapidly for this reason military leaders need to be more versatile with rapid decision-making capacities in order to realize their duties they have to focus more on the quality of their military leadership which is critical to the establishment of secure and peaceful environments today high-level army commanders have to behave more like diplomats intellectuals and academics than ever before

leadership the art of leading men and managing time space and resources has a special significance for the armed forces many a time leadership alone can make the difference between success and failure the book analyses every relevant facet of military leadership including the aspects like time management stress management and the art of relaxation which have not been given the attention they deserve in the vast literature on the subject the author suggests many practical measures for the officers as they gradually progress from the first to the apex ring of military leadership this book will be of immense value to all those who take the business of leadership seriously

in a constantly changing world threatened by ever-increasing terrorist acts american interests both at home and abroad require protection provided by great military leaders in order to produce military leaders who can successfully meet the future challenges america faces it is important to develop and refine them early and help them understand how to create and refine a successful leadership style the process of developing leadership styles however is not easy and it requires a prodigious amount of determination time planning training mentoring and refinement one way to help develop leaders is to show them examples of previously successful leaders leaders such as george c. marshall and dwight d. eisenhower marshall and eisenhower were two talented and exceptional leaders and are great examples of american military leadership their leadership styles were

indispensable during world war ii and it is important for leaders today to examine why their leadership styles were so successful
