entertainment industries is the first book to map entertainment as a cultural system including work from world renowned analysts such as Henry Jenkins and Jonathan Gray. This innovative collection explains what entertainment is and how it works. Entertainment is audience centred culture. The entertainment industries are a uniquely interdisciplinary collection of evolving businesses that openly monitor evolving cultural trends and work within them. The producers of entertainment central to that practice are the new artists. They understand audiences and combine creative business and legal skills in order to produce cultural products that cater to them. Entertainment industries describes the characteristics of entertainment, the systems that produce it, and the role of producers and audiences in its development, as well as explaining the importance of this area of study and how it might be better integrated into universities. This book was originally published as a special issue of *Continuum Journal of Media Cultural Studies*.

This open access book tracks the latest trends in the theory, research and practice of entertainment education, the field of communication that incorporates social change messaging into entertaining media, sometimes called edutainment. Social impact, television, narrative, persuasion or cultural strategy: this approach to social and behavior change communication offers new opportunities, including transmedia and digital formats. However, making media can be a chaotic process. The realities of working in the field and the rigid structures of scholarly evaluation often act as barriers to honest accounts of entertainment education practice. In this collection of essays, experienced practitioners offer unique insight into how entertainment education works and present a balanced view of its potential pitfalls. This book gives readers an opportunity to learn from the successes and mistakes of the experts. Taking a behind-the-scenes look at the business of making entertainment education media.
