this is the first book dedicated to leonardo da vinci s commission for the virgin of the rocks leonardo completed fewer than twenty paintings in his lifetime yet he returned twice to this same mysterious subject over the course of a twenty five year period identical in terms of iconography stylistically these paintings are worlds apart the first of c 1482 4 was leonardo s magnum opus catapulting the young artist from obscurity to fame when in 1508 he finished the second painting he was nearing the end of his artistic career and had become an international celebrity why did he revisit the virgin of the rocks what was the meaning behind the cavernous subterranean landscape what lies behind the colder monumentality of the second version this book opens up leonardo s world setting the scene in republican florence and the humanist court of the milanese warlord ludovico sforza to answer these questions through lyrical yet scholarly analyses of leonardo s paintings notebooks and technical experimentation it unveils the secret realms of human dissection and neo platonic philosophy that inspired the creation of the two masterpieces in doing so the book reveals that the virgin of the rocks holds the key to the greatest philosophical scientific and personal transformations of leonardo s life images and links to figures are available at [virginoftherocks.com](http://virginoftherocks.com)

this book recovers the lives of four men masked behind one legend reinterpreting recently rediscovered documents shows a tuscan artist leonardo da vinci was banished from florence around 1477 when at the same moment another leonardo arrived from the east an ottoman agent from genoese caffa in the black sea this leonardo was a military engineer who began writing technical notes backward in a flourishing italian script in florence around 1500 he met the alchemist and polymath zoroastro who collaborated in producing the scientific notebooks however by the mid sixteenth century all memory of zoroastro had been erased and the two leonardos had been conflated into one identity crucially an archived document rediscovered around 2021 proved that the tuscan painter leonardo da vinci died in 1499 this information leads to the recovery of the artist who really painted the mona lisa giovanni antonio boltraffio

although leonardo s giant crossbow is one of his most popular drawings it has been one of the least understood leonardo s giant crossbow offers the first in depth account of this drawing s likely purpose and its highly resolved design this fascinating book has a wealth of technical information about the giant crossbow drawing as it s a complete study of this project though this is as accessible to the general audience as much as it is also informative with new discoveries for the professors of engineering technology and art the book explores the context of leonardo s invention with an examination of the extensive documentary evidence a short history of the great crossbow and ballista the first accurate translation of the text and the technical specifications and a detailed analysis of leonardo s design process for the crossbow from start to

finish dozens of preparatory drawings along with the recent discovery of nearly invisible metal stylus preparatory incisions under the ink of the giant crossbow drawing are evidence of leonardo s intent to offer engineers and other viewers a thorough design of the massive machine the book proposes these new discoveries with the help of a strategy that had been at the core of leonardo s working philosophy the proportional method as proven with an analysis of the giant crossbow project he used a consistent approach to 1 3rd proportions throughout the design and drawing process and employed this kind of proportional strategy at the start of almost every important project thanks to this proof of his knowledge of geometry evidence of his studies of impetus and force and thanks to the highly polished and complex nature of the giant crossbow design a later date for the drawing is proposed in the present book associating the drawing with his drafting capabilities around 1490 93
