così sono avvocato e sono trascorsi molti anni da quando il 14 dicembre 1955 vestito di nero con la mano destra alzata unico postulante davanti ai nove giudici che componevano l'intero tribunale d'appello di allora con un po' di orgoglio e tanta emozione ho letto la bella formula del giuramento dell'avvocato in quel tempo in ticino un avvocato era qualcuno come si usava dire probabilmente perché ve ne erano pochi e ogni nuovo arrivato era salutato dalla stampa e festeggiato non solo dai famigliari ma anche da amici e conoscenti dal pretore e da qualche collega anziano che non temeva più la concorrenza. È stato così anche per me che cosa rimane oggi del prestigio professionale di quel tempo poca cosa persino la formula del giuramento è stata sfrondata certo i fatti si sono succeduti in modo vertiginoso

e con essi le idee e i costumi si sono evoluti ma anche noi avvocati con la nostra superficialità il nostro arrivismo i nostri abusi i nostri vizi capitali insomma perché siamo uomini né più né meno degli altri abbiamo contribuito al suo discredito agli occhi di molti eppure nonostante questo e l'ironia immortalata nei disegni di Daumier la nostra professione rimane fra tutte una delle più belle e delle più nobili chi infatti meglio dell'avvocato può portare concretamente conforto allo sconforto e protezione agli interessi quando la meritano infondendo al tempo stesso il coraggio di continuare nonostante tutto e chi se non l'avvocato è in grado di assolvere la funzione che da sola ne giustifica l'esistenza di difendere l'individuo contro le manifestazioni perverse della società generate dall'arroganza del potere

the red brigades were a far left terrorist group in Italy formed in 1970 and active all through the 1980s infamous around the world for a campaign of assassinations kidnappings and bank robberies intended as a concentrated strike against the heart of the state the red brigades most notorious crime was the kidnapping and murder of Italy's former prime minister Aldo Moro in 1978 in the late 1990s a new group of violent anticapitalist terrorists revived the name red brigades and killed a number of professors and government officials like their German counterparts in the Baader Meinhof group and today's violent political and religious extremists the red brigades and their actions raise a host of questions about the motivations ideologies and mind sets of people who commit horrific acts of violence in the name of a utopia in the first English edition of a book that has won critical acclaim and major prizes in Italy Alessandro Orsini contends that the dominant logic of the red brigades was essentially eschatological focused on purifying a corrupt world through violence only through revolutionary terror brigadists believed could humanity be saved from the putrefying effects of capitalism and imperialism through a careful study of all existing documentation produced by the red brigades and of all existing scholarship on the red brigades Orsini reconstructs a worldview that can be as seductive as it is horrifying Orsini has devised a micro sociological theory that allows him to reconstruct the group dynamics leading to political homicide in extreme left and neo-Nazi terrorist groups this subversive revolutionary feedback theory states that the willingness to mete out and suffer death depends in the last analysis on how far the terrorist has been incorporated into the revolutionary sect Orsini makes clear that this political religious concept of historical development is central to understanding all such self-styled purifiers of the world from Thomas Müntzer's theocratic dream to Pol Pot's Cambodian revolution all the violent purifiers of the world have a clear goal to build a perfect society in which there will no longer be any sin and unhappiness and in which no opposition can be allowed to upset the universal harmony Orsini's book reconstructs the origins and evolution of a revolutionary tradition brought into our own times by the red brigades

the book is a true knowledge enhancing project dealing with the forms of rationality at work in social life which are so many varied and complex published already in spanish and italian it analyses the role played by rationality through the lens of social theories in order to propose a problematic interpretation of human action since there is nothing more practical than a good theory when seeking to understand our society the book reflects on the theoretical approaches that provide useful categories by means of which to understand and interpret individual organizational and institutional action it proposes an analysis of a wide variety of classics by eminent european and anglo american thinkers such as dahrendorf mannheim marx popper weber habermas luhmann machiavelli pareto ardigo cesareo parsons schütz alexander bauman beck sennett antiseri boudon sen simon to shed light on the relationship between rationality difficulties in thinking and extra rationality finally the reasons for unexpected action are investigated as well as the strategic role played by ethics rationality and skills in postmodern societies on the basis of the contributions of nussbaum and piketty

venice and padua are neighboring cities with a topographical and geopolitical distinction venice is a port city in the venetian lagoon which opened up towards byzantium and the east padua on the mainland was founded in roman times and is a university city a place of humanism and research into antiquity the contributions analyze works of art as aesthetic formulations of their places of origin which however also have an effect on and expand their surroundings international experts investigate how these two different concepts stimulated each other in the early modern age and how the exchange worked

the three volumes present the current state of international research on martin luther s life and work and the reformation s manifold influences on history churches politics culture philosophy arts and society up to the 21st century the work is initiated by the fondazione per le scienze religiose giovanni xxiii bologna in cooperation with the european network refo500 this handbook is also available in german
