a reese s book club pick instant new york times bestseller i loved this book so much reese witherspoon in 1987 mina lee flies from seoul to los angeles to start a new life thirty years later margot lee speaks to her mother for the last time between these two moments extends a lifetime of secrets these are stories of unexpected loves and devastating losses of choices made and those left behind of a mother and daughter who have always struggled to understand each other these are stories waiting to be told before it s too late reminiscent of celeste ng s page turning meditations on identity this searing mother daughter story explores the diverse and unsettling realities of being an immigrant in america suspenseful and deeply felt raises questions about the reality of the american dream and illuminates stories that often go untold chloe benjamin painful joyous a story that cries out to be told la times carefully illuminates the two sides of the silence between a korean immigrant mother and her korean american daughter a silence only too familiar to many of us and emerges with a stunningly powerful and original novel alexander chee a timely important novel fans of celeste ng won t be able to put down this heartfelt cross generational novel about the powerful bond and fragility of family and what it really means to strive for the american dream popsugar readers fell in love with margot and mina beautifully

rendered achingly sweet enjoyable story with wonderfully realistic characters that you want to follow an emotionally gripping story of loss and belonging i loved this book this book is filled with wonderful characters a story to please and mouth watering korean food it speaks to all women who have been marginalized by their families or society at large

terence l donaldson s scholarship in the field of new testament studies is vital as he has pressed scholars to pay closer attention to the complex relations between early christ followers who were mostly non jews and the jewish matrix from which the narrative of the christian proclamation comes from this volume allows prominent new testament scholars to engage donaldson s contributions both to sharpen some of his conclusions and to honour him for his work these essays are located at the intersections of three bodies of literature matthew paul and second temple jewish literature and themes and questions that have been central to donaldson s work christian judaism and the parting of the ways gentiles in judaism and early christianity anti judaism in early christianity with contributions ranging from remapping paul within jewish ideologies and paul among friends and enemies to socio cultural readings of matthew and construction of christian identity through stereotypes of the scribes and pharisees this book provides a multi scholar tribute to donaldson s accomplishments

this book introduces the concept of event mining for building explanatory models from analyses of correlated data such a model may be used as the basis for predictions and corrective actions the idea is to create via an iterative process a model that explains causal relationships in the form of structural and temporal patterns in the data the first phase is the data driven process of hypothesis formation requiring the analysis of large amounts of data to find strong candidate hypotheses the second phase is hypothesis testing wherein a domain expert s knowledge and judgment is used to test and modify the candidate hypotheses the book is intended as a primer on event mining for data enthusiasts and information professionals interested in employing these event based data analysis techniques in diverse applications the reader is introduced to frameworks for temporal knowledge representation and reasoning as well as temporal data mining and pattern discovery also discussed are the design principles of event mining systems the approach is reified by the presentation of an event mining system called eventminer a computational framework for building explanatory models the book contains case studies of using eventminer in asthma risk management and an architecture for the objective self the text can be used by researchers interested in harnessing the value of heterogeneous big data for designing explanatory event based models in diverse application areas such as healthcare biological data analytics predictive maintenance of systems computer networks and business intelligence

since its original publication hunter s manual has been not only a rich and ready reference tool but also a practical resource for solving problems catholic library world and no text has served as a better overview of the field of archives newly revised and updated to more thoroughly address our increasingly digital world including integration of digital records and audiovisual records into each chapter it remains the clearest and most comprehensive guide to the discipline former editor of american archivist the journal of the society of american archivists saa hunter covers such keystone topics as a history of archives including the roles of historical societies and local history collections in libraries new sections on community archives diversity and inclusion conducting a survey and starting an archival program selection appraisal acquisition accessioning and deaccessioning important points of copyright privacy and ethics arrangement of archival collections with a discussion of new theories description including dacs ead and tools such as archivesspace access

reference and outreach with a look at how recent innovations in finding aids can help researchers preservation including guidance on how to handle rare books maps architectural records and artifacts digital records addressing new and popular methods of storage and preservation of email social media image files webpages word documents spreadsheets databases and media files disaster planning security and theft prevention metrics assessment establishing employee procedures and policies working with interns and volunteers and other managerial duties public relations and marketing from social media and the to advocacy and professional guidelines and codes such as the newly developed saa statement of core values of archivists providing in depth coverage of both theory and practice this manual is essential for archivists at all levels of experience and of all backgrounds

managerial economics 9th edition introduces undergraduates mbas and executives to the complex decision problems today s managers face providing the knowledge and analytical skills required to make informed decisions and prosper in the modern business environment going beyond the traditional academic approach to teaching economic analysis this comprehensive textbook describes how practicing managers use various economic methods in the real world each in depth chapter opens with a central managerial problem challenging readers to consider and evaluate possible choices and concludes by reviewing and analyzing the decision through the lens of the concepts introduced in the chapter extensively updated throughout the text makes use of numerous extended decision making examples to discuss the foundational principles of managerial economics illustrate key concepts and strengthen students critical thinking skills a range of problems building upon material covered in previous chapters are applied to increasingly challenging applications as students advance through the text favoring practical skills development over complicated theoretical discussion the book includes numerous mini problems that reinforce students quantitative understanding without overwhelming them with an excessive amount of mathematics

selections by bryan stevenson lesley nneka arimah daniel alarcon rebecca curtis claudia rankine paul tough wells tower and more for a year a group of high school students met at a publishing house in san francisco every monday night to read literary magazines chapbooks graphic novels and countless articles this committee was assisted by a group of students that met in the basement of a robot shop in ann arbor michigan together and under the guidance of guest editor adam johnson new york times bestselling author and winner of both a pulitzer prize and a national book award they selected the contents of the best american nonrequired reading 2015 the writing in this book is very essential if not required like visiting the louvre if you re in paris in any case nothing in this book takes place in paris as far as we can recall but it does feature an elephant hunt the fall of a reality tv star a walk through ethiopia and much more featured writers include lesley nneka arimah daniel alarcÓn box brown rebecca curtis victor lodato claudia rankine paul salopek paul tough wells tower sheila heti heidi julavits leanne sharpton tom mcallister ines fernandez moreno and others praise for the series lively eclectic and surprising minneapolis star tribune category defying and engaging kirkus reviews a gift one wonders how the world might be different if works in the best american nonrequired reading were indeed required usa today
