this book covers the methodology of teaching science to children in elementary schools by offering study plans including experiments for students

master s thesis from the year 2016 in the subject pedagogy the teacher educational leadership language english abstract school inspection is one of the most challenging aspects in education it represents an approach of accountability in teaching and learning moreover school inspection provides policy and decision makers with accurate information about the current state of education in their respective institutions the main purpose of this study is to examine and determine the impact of school inspection on teaching and learning in dubai based private schools and to give some recommendations into how to conduct effective school inspection that would positively influence teaching and learning this research included 37 participants 2 inspectors 4 head teachers and 31 teachers from 4 private schools who follow different types of curricula from all grades of performance according to inspection reports conducted in the 2014 2015 academic year the findings show that school inspection has a significant role in school improvement especially in teaching and learning teachers acknowledge the feedback that inspectors give to them however school inspection also has a negative impact on teaching and learning for instance it forces some schools to show activities they have never done before moreover the school inspection reports and recommendations in some cases are superficial and are not related to the school context moreover they often do not show teachers how they can respond to criticism in the reality of their teaching practice nevertheless the relationship between inspectors and teachers is not that positive especially in some subjects such as arabic language and islamic studies this piece of research suggests some areas for the betterment in school inspection such as giving more importance for sse school self evaluations shortening the notice period visiting schools at different times throughout the academic year making such visits every three years as well as ensuring that school inspectors have a high degree in education and in the subject they inspect nevertheless it recommends establishing an independent school inspection system on the other hand this study suggests further research on the accountability of teaching and learning in dubai in specific subjects such as arabic and islamic studies because reality shows that the recent intervention and policy have not been as fruitful as expected

encourages language teachers to expand their horizons beyond the teaching of grammatical form and function emphasizing a sociocultural view it presents a range of topics semantics dialects syntax language history social discourse conventions based upon a perspective that combines psycholinguistics and sociolinguistics page 4 of cover

this book presents a unique opportunity to read many original source materials written by authors representing diverse points of view and a broad spectrum of history in the field of education it offers a personal philosophical perspective on the work of teaching the function of schools in our society and the relationships between education and productivity unlike most introductions to the profession the issues raised in this book bring readers

face to face with themselves and with the challenging dilemmas they will confront as teachers it provides exceptional coverage of community and the changing social cultural linguistic and ethnic landscape of our society and its impact on schools children and teaching in addition the book answers the following questions what are the relationships between culture society and education what are the dynamics of daily life in schools as institutions in particular organizational and community contexts in what ways are gender language culture race social class and the relationship between school and work important to education and what orientations and strategies can teachers adopt that will enable them to become more transformative educators for individuals contemplating a career in teaching

this dissertation explores teachers informal learning experiences it examines a group of inquiry science teachers generating hypotheses about the nature of their informal learning experiences the resultant learning how those experiences affect their professional lives and the implications for education policy it also provides an example of how to operationalize informal learning measures within an evaluation of a particular professional development program the author conducted interviews with 20 teachers and used the interview results to develop an informal learning survey that was completed by 39 teachers results indicate that many teachers believe they do engage in valuable informal learning experiences this learning has the potential to influence the effectiveness of teachers formal learning experiences what teachers do in their classrooms and possibly students learning results of this dissertation and of follow up research can lead to increased effectiveness of teacher training programs by suggesting better design and more efficient program administration by states and districts they can also provide the basis for improved research on teacher training effectiveness and help guide states and districts teacher recruiting efforts by identifying adults who have already acquired specific teaching relevant knowledge and skills
