*Il presente elaborato nasce da un interesse personale nei confronti della comunità monastica ecumenica di Taizé. L'opera si articola in due sezioni principali: nella prima parte viene delineato il profilo della comunità con particolare attenzione alla sua origine, alla struttura organizzativa e alle pratiche spirituali e pastorali adottate nel corso del tempo; un focus specifico è riservato alle strategie messe in atto dalla comunità per promuovere una comunione sempre più profonda tra i giovani appartenenti a differenti confessioni cristiane nel segno dell'ecumenismo e del dialogo fraterno. La seconda parte dell'elaborato è invece dedicata alla dimensione didattico-pedagogica e si propone di individuare metodologie efficaci per introdurre la conoscenza della comunità di Taizé all'interno della scuola secondaria di primo grado. In questo contesto viene evidenziato il valore formativo dell'esperienza di Taizé nonché la sua rilevanza nell'ambito dell'insegnamento della religione cattolica, come indicato nelle indicazioni nazionali dove il tema dell'ecumenismo e del dialogo interreligioso costituisce uno degli snodi principali del curricolo a completamento del percorso.*

*Community psychology (CP) has a rich history and presence internationally that many people may not be aware of. Today's increasingly global environment encourages reviewing the worldwide goals and practices of CP. The desire to promote collective well-being clearly transcends geographical boundaries. The goal of developing a global perspective and discourse between countries has been delayed by the lack of a single accessible source for information. This book provides the first in-depth guide to*

global community psychology research and practice history and development theories and innovations presented in one field defining volume included are contributions from countries with long histories of oppression social movements and political turmoil long time democracies and former dictatorships fully formed cp establishments compare with fledgling ventures into the field the contributors document the complex relationships between cp and ideological currents other strands of psychology and social science cultural and historical traditions and economic developments the goals of this book are several promote international collaboration enhance theory utilization and development identify biases and barriers in the field accrue critical mass for a discipline that is often marginalized minimize the pervasive us centric view of the field practitioners and researchers will find in international community psychology new perspectives on the communities they serve as a text for advanced and graduate level courses it depicts a robust field with a legitimate mission when concepts of community and sometimes even of psychology may not always translate from one nation to the next this book provides a world of needed context
